Enable a Young Woman in India to Realize Her University Dreams & Change the Course of Her Life!

S. Lavanya
Diploma in Nursing

Seventeen year-old Lavanya is from Srivilliputhur in Tamil Nadu. Her mother is a single parent who works at a matchbox factory where she earns a meager daily wage. Sometimes Lavanya works alongside her mother during school breaks to help make some earnings to support the family. Her brother made it to Grade 10 but then discontinued his studies to work at a refreshment stand where he is paid only in rice.

Lavanya is a strong and active student who is described by her classmates as hard-working. She also excels in tailoring, handiwork and drawing. Her mother says she is a very helpful child and wishes to see her pursue her education and find a good job that can provide her with a decent living. Without financial support, Lavanya is not in a position to continue her studies and would likely have to work a low-wage factory job or do hard day labor work.

For just $30/month, you can make Lavanya’s university dreams a reality!

Lavanya has been selected to join the next batch of Visions university scholars for 2021. Under this initiative, Lavanya is eligible for financial support to cover her university fees and related expenses, and will receive regular mentorship & counseling, leadership development training, English training, and more. Over the past 5 years, we have sponsored 43 talented youth in India through this initiative, which has enabled recipients to stay in school and manifest their dreams. And twenty (20) of these youth have already graduated and joined the workforce! Please join us by setting up a recurring contribution of just $30/month or annual sponsorship of $360, and we will keep you informed of her progress over the next year!
