

THE WINES
SPRING

(Wolfe & Molone)

"I like to think about the life of wine . . . How it's a living thing. I like to think about what was going on the year the grapes were growing; how the sun was shining; if it rained. I like to think about all the people who tended & picked the grapes, & if it's an old wine, how many of them must be dead by now. I like how wine continues to evolve, like if I opened a bottle of wine today it would taste different than if I'd opened it on any other day, because a bottle of wine is actually alive. It's constantly evolving & gaining complexity. That is, until it peaks, like your '61. Then it begins its steady, inevitable decline . . . & it tastes so fucking good." Maya - Sideways

Welcome to our Spring suite of wines. This wine list has been crafted to enhance, enquire & expand the palate's of our guests. We have some obvious omissions in our list, however we wanted to curate something a little different to spark conversation & try something that may not have been tried before. We believe that every wine, wine maker, & vineyard has their own unique story to tell & it's these wines that we want to share with you.

We hope that you enjoy getting to know these unique wines from around the world & even ask us why we decided to choose these little beauties for the list!

As for the food, well that's a whole different conversation & we are excited to prepare & present to you produce from small, local & international producers. Some menu items are family & friend favorites that have been passed down to us from my family that we think you will also enjoy.

For us there is nothing better than bringing people together with great food, great wine & great conversations.

- 2017 Piñata Dry Red – Frederick Stevenson (SA)** \$10/\$47
40% Cinsault, 29% Shiraz, 23% Grenache and 8% Mourvedre
We really hit the jackpot with this little number, like that last pop of the piñata before the goodies fall out, this wine is full of flavour, easy to drink however still a serious wine. WE. LOVE. IT!
- 2016 Primitivo – 12 eMezzo – Puglia (ITL)(Bio,0)** \$12/\$52
Intense red Organic Primitivo wine with violet hints, reminiscent of fresh red fruit. On the nose, fruity notes of currants & blackberries elegantly join an aromatic bouquet of nutmeg, liquorice, chocolate & vanilla, released after a brief refinement in French oak. The flavour is full of coconut & fruit. It perfectly matches with pasta, white meat & fresh cheese. Great for Spring drinking
- 2017 ‘The Bullet Dodger’ Montepulciano - Delinquente (SA)** \$11/\$49
Didn't someone say 'Never judge a wine by its label?' This totally smashable Monte sure packs a punch, with bouncy fruit & a lashing of spice. A soft & silky finish, which makes it easy to gulp down.
- 2013 Burgogne Rouge (Pinot Noir)-Marie Andre-Côte de Beaune(FRA)** \$17/\$69
This seductive Pinot Noir is a super bold number. In the glass, it exhibits aromas of red & black berries & hints of mushrooms & forest floor. On the palate, taste cherry, strawberry, spice, earthy notes, gentle tannins & refreshing acidity.
- 2012 Domaine Red – Syrah, Merlot, Xinomavro (SMX)-Macedonia(GRE)** \$14/\$59
This is as complex as the giant Gods of ancient Greece. This wine is red with deep, attractive highlights. A distinctive bouquet arises from a balanced blend of the various fragrances with that of the oak. This is one pretty SMXY wine. (Bio,0)

PERSONAL CELLAR

These Wines have been carefully cellared over time & come from Tanya's personal cellar that we have explored & enjoyed drinking over the two decades.

Some of these bold & beautiful wines are limited & rare, others, new & un-conforming to convention. There also may be a few funky ones, but what the hell, that's the fun part of exploring aged wine! We will be slowly releasing these beauties out of the cellar to share with you.

I hope you enjoy them as much as we have.

We discover who they are, what motivates them & how we can support one another. Through this tangible form, we generate a mutual understanding & appreciation. These are the true rock stars of coffee, the story starts with the producer.'

Our vision ensures that our direct involvement both financially supports & rewards the quality of coffee. The effect is twofold. This fosters improvements through farms reinvestment & infrastructure into equipment & facilities. Furthermore, this enhances the quality each harvest, contributing to the potential of higher coffee production.
