DATE: _____
AREA(S): _____
Observer(s): _____

SEASONS

Spring = March - May
 Summer = June & July
 Fall = August - November
 Winter = December - February

STATUS

C = Common (seen in proper habitat)
 U = Unusual (see on regular basis)
 O = Occasional (irregular occurrence)
 R = Rare (rarely seen)
 A = Accidental (seen less than 5 times)

* = breeding
 ?* = possibly breeding
 (i) = Introduced

taxonomic order followed is the 3rd edition
 of the National Geographic field guide
