

SELECTED ARTWORKS BY JON CATTAPAN

VIEWING BY APPOINTMENT ONLY

Jon Cattapan is one of Australia's most recognisable and celebrated painters, who has been awarded some of the country's highest accolades for achievements in visual art. His works appear in all state and territory institutions and he has received numerous government and corporate grants, residencies and prizes since the beginning of his career in 1979. In 2008 he was selected by the Australian War Memorial as Australia's 63rd Official war artist, for which he was deployed to Timor Leste. In the same year, the monograph 'Jon Cattapan: Possible histories', written by Chris McAuliffe, was published by the University of Melbourne's Miegunyah Press. Jon is also currently Director of the Victorian College of the Arts, Faculty of VCA and MCM.

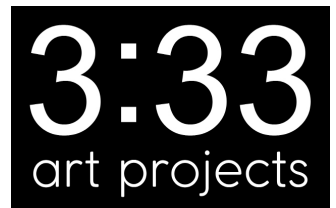

Within his paintings, drawings and prints we see influences of contemporary global culture and recent history that range from science fiction and film through to urban social debates. His extensive travels in Asia and living in cities such as New York, London and Venice have deeply influenced his practice, which is based in the traditional mediums of painting and drawing. The starting point for much of his work is how the human imprint can be visualised through different stylistic means. Using scanned images that have been layered, cropped and rearranged, his paintings are complex networks of buildings, routes of transit and protagonist figures that overlay painterly, dream-like backgrounds - resulting in evocative interplays between compositional planning and intuitive, sensuous explorations of colour.
