spring-summer drinks list 2017-18

*We hope you enjoy your experience and
may the most you wish for, be the least you get.*

The greatest accomplishment of a bartender lies in their ability to exactly suit their customer. This is done by inquiring what kind of drink the customer desires, and how they wish it prepared.

This is especially necessary with cocktails, juleps, sours, and punches.

The bartender must also inquire whether the drink is to be made stiff, strong, or medium, and then must use their best judgment in preparing it; but, at all times, they must make a special point to study the tastes of their customers and, strictly heeding their wishes, mix all drinks to their desires and tastes.

In following this rule, the barkeep will soon gain the esteem and respect of their patrons.

*Let us cater to your wants and needs by following the golden rule
of;
'diagnosing before prescribing'.*
