

A sad story with a rescued ending:

Below are links to the story of a rescued older dog in Santa Fe by an actress filming locally. She took the time to help an old dog left behind at our local dog park and now he resides at our sanctuary. With caring folks as Rachel, this dog has been given a second chance.

Grandpa has been resting well and finding comfort with his new older friends. Last night he helped Ulla water around the barns as he enjoyed the many smells and discoveries that our Sanctuary offers. He is still very frail but eating and we expect it that he will need medical attention in his journey ahead. To help with this or sponsor Grandpa please contact us at 505-471-5366.

The public is welcome to visit Grandpa and his friends at our sanctuary but we just ask that you call ahead for an appointment so that we can maintain the continuity of care of our old animals.

Thank you for caring,
Ulla and All
