Apostolic Alignment

It was the Apostles who brought that mindset to the Body of Christ. When Teachers emerged to instruct the believers they were Apostolic Teachers. When Prophets emerged to bring direction to the Churches they were Apostolic Prophets. And so on for Pastors and for Evangelists. Why? Because the Apostles birthed the other Ministries and Influenced them to be of “One Mind and One Accord”. They promoted the Vision of The Apostolic Church.

Being Properly Aligned

The Structure of the Early Church was properly Aligned...

All the Ministries had one purpose...

To keep the Church Apostolic and Kingdom Minded!

But due to the persecution of Rome and the “Politicizing” of the leaders that Rome approved of the Ministries in the Church got “Out of Alignment”

If the tires on your car are out of alignment the car will not perform correctly and stresses will be produced that will wear the tires out and ruin many of the other parts of the car. As the Church became more and more out of “Alignment” it began to fall apart. There was always a remnant but the Church as a whole was no longer Apostolic. It was fragmented and ineffective. Its power was corrupted and was no longer love that moved it but manipulation and fear.

Today The Holy Spirit is bringing The Church back into Apostolic Alignment!

He is the “Spiritual Chiropractor” who is adjusting us and bringing us back to order so we function as He desires and we Advance The Kingdom of God by influencing society.
