

MAXIMA S.A.

SOLUTIONS Maxima S.A. is a Haitian woodworking company specialized in design, manufacturing and installation of commercial casework, residential cabinetry, granite and quartz countertops and certified wooden structural components (housing kits and roofs). More than half of our yearly volume is derived from repeat business from local and international general contractors who rely on Maxima for professional on-time and on-budget execution of their projects to international standards.

QUALITY Maxima was founded in 2001 and currently has a team of over 100 employees. The work environment, characterized by Maxima's Christian Mission and Vision, has created a family of workers with a positive attitude and quality oriented values.

MADE IN HAITI Maxima is located in the Airport Industrial Park, Haiti. Our 45,000 sq-ft facility houses offices, production spaces, and a showroom. In addition, **Foundation Maxima**, our non-profit extension, is initiating a learning program with emphasis on middle class employee development through strategic thinking and leadership training.

INNOVATIVE TECHNOLOGY Maxima invested in advanced equipment: CNC Routers, finishing booths, production machines and leading software programs. Proper training of technicians allows us to produce consistent high quality at competitive prices.

**MADE
IN HAITI**

VISION

A values-driven company advancing customer service, innovative solutions, and employment opportunities in Haiti

MISSION

Profitably deliver solutions that meet the diverse needs of Haiti while providing exceptional service and convenience to our customers.

Train and empower employees to be meaningful contributors to our team's success.

Develop partnerships with suppliers, customers, and other organizations built on respect and mutual benefit.

VALUES

Display God's love through our words and actions.
Be positive, passionate, and productive and motivate others to be the same.

Be responsive to customers by understanding their needs and seeking their feedback.

Deliver projects on time, on budget, and according to quality standards.

Value and respect the relationships with our suppliers.

Be flexible and ready to adapt to change.

Operate with transparency and integrity.

Create a safe work environment and provide fair wages.

Set clear individual and team expectations to which all employees are held accountable.

Help our employees develop their God-given talents, both professionally and personally, through coaching and training.

**Customers spend their money in Haiti and receive quality products.
Employees have jobs and received salaries and benefits for their families.**

**Returns are reinvested in technology and education
sustaining jobs long after the initial products are sold.**

And the local Haitian economy grows,...
