The Southwest Council, Inc. is a private, non-profit health agency which provides prevention and education services to the counties of Cumberland, Salem, and Gloucester. The Southwest Council is a member of the New Jersey Prevention Network, a state-wide corporation linking preventative services throughout the entire state of New Jersey.

Founded in 1991 as a primary Alcohol, Tobacco, and Other Drug (ATOD) prevention services provider, The Southwest Council's sole mission is to reduce the incidence and prevalence of the illegal use, misuse, and abuse of these harmful substances.

The Southwest Council's goal is to increase awareness about ATOD related problems in our communities, schools, businesses, and professional organizations, as well as assisting families and individuals by offering services and referrals to appropriate services whenever possible.
