Reduce Stress

What We Do

CREATE A SAFE SPACE

SPARK CREATIVITY

BUILD CONNECTIONS

BOOST PRODUCTIVITY

LET'S CONNECT

OUR PROGRAMS

Learn how to build an organisation that engages employees as **passionate, creative contributors.**

1 THREE SESSION SERIES

Choose three of our workshops (totalling 6 hours). Two weeks between each workshop is recommended.

2 TWO HALF-DAY SERIES

Choose four of our workshops. This series includes two, half-day workshops (4 hours per half day) plus a two-hour follow-up workshop.

3 FULL-DAY SERIES

Choose six of our workshops (6.5 hours per day) plus a two-hour follow-up workshop.

* All individual workshops are 1.5-2 hours. Please enquire for special requests outside of the programs outlined*
Catering and/or off-site is available for additional fees

PROGRAM OUTCOMES

As a result of attending our workshops, participants will understand why innovation and creativity are important and what it means to their organisation by;

- Understanding why creativity and innovation are important to your organisation's success
- Engaging in the creative process of iteration
- Connecting and collaborating with team members
- Practicing present awareness, active listening and idea generation
- Permission to create, learn and play
- Exploring tools to safely leave their 'comfort zone' in a judgment free space
- Understanding the importance of failure resilience when it comes to the creative process
- Understanding the role of risk taking, problem solving, agility and experimentation

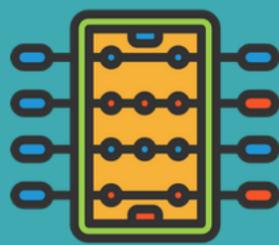

STRATEGIC PLAY USING THE LEGO® SERIOUS PLAY® METHOD

The LEGO® SERIOUS PLAY® method is based on research which shows that this kind of hands-on, minds-on learning produces a deeper, more meaningful understanding of the world and its possibilities, the methodology deepens the reflection process and supports an effective dialogue.

IMPROVISATION

Participants will begin to understand the power of collaboration and idea generation, while embracing the art of failure and thinking on one's feet. These skills turn out to be particularly useful in workplaces that rely on adaptability.

GAME STORMING

Create your very own game. Groups of four are given the task of developing a game, which they then share with the whole group. The other teams are then invited to play that game.

TRASH PUPPETS

Guided by Trash Leaders, each participant creates their very own unique Trash Puppet. Participants experience the challenge of bringing an idea into reality and making "something from nothing."

THE MAGIC BEHIND INTROVERSION

Understand the differences between introverts and extroverts. This workshop will provide practical tips on creativity, interviewing, networking and provide strategies on how to deal with feeling like an outsider in a team, company or industry of extroverts!

HOW TO UNLOCK YOUR CREATIVE CONFIDENCE

Getting comfortable with discomfort is the key to building our creative confidence. In this session we'll break down what keeps us in our comfort zones, the fears that prevent us from moving forward and how staying comfortable impedes our path to innovation, creativity and change.
