PAPERBACK

Geordan Hammond, Manchester Wesley
Research Centre

- This is the first book-length study of John Wesley's experience in Georgia (1736-37)
- Provides insight into a formative period in the life of John Wesley and the history of colonial Georgia
- Contributes to the debate on the importance of the Georgia mission for later developments in Methodism by providing a detailed and clear picture of the mission and its context

John Wesley's mission was a laboratory for implementing his views of primitive Christianity. The ideal of restoring the doctrine, discipline, and practice of the early church in the Georgia wilderness was a prime motivation for Wesley's missionary activity.
