Group Assignment #11

Assigned: Thursday, April 17, 2014

Due: Saturday, April 24, 2014 (midnight)

Students are asked to meet with their group members and discuss their individual group project. Each student is asked to provide:

1. A summary (no more than 200 words) describing the feedback he/she received from the group regarding his/her individual project. The paragraph **should** clearly communicate how the group discussion helped improve the planned research activities. For instance, the suggestions/feedback obtained from the group members can be included.
2. A single-page progress update, which **should** include preliminary findings (simulation results, experimental data, figures, graphs and etc.)

Each group is asked to submit one report. All summary statements should be compiled together in the beginning of the report, followed by the single-page progress update documents for each group member.
