

**4DVerse is proud to present emboldenedexpressions
a solo exhibition + immersive art experience
with San Francisco based artist Nikki Coffelt!!**

Nikki is a poet and a painter who accesses ecstatic and non-ordinary consciousness to create dynamic & provocative abstract art. She is whirling through Melbourne for just a few weeks and we are thrilled to host & send her back to the States in STYLE!!!

Don't miss this ::rare:: opportunity to come and meet this force of nature in her natural habitat— a pop-up studio space and gallery buzzing with beautiful community, a live DJ bumpin' otherworldly beatzzz and a cozy fireplace burning in the background!

- **Live Painting**
- **Art for sale (minus the hassles of international shipping & insurance)**
- **Scrumptious vegetarian soul food. Cocktails. Kombucha. Chai. Bubbly. All provided (and available for purchase) by the ever-magical @Vegilicious.**

FREE ENTRY

Donation box will be on site if you care to throw something toward the 4DVerse creative community hub for hosting this event— we artists would be extra appreciative
