

Dear Parents,

Congratulations on the graduation of your son/daughter from Westford Academy!

We expect your child is very excited to attend the Last Night post-graduation event on June 2nd. We are committed to making this party fun and safe for everyone. This letter is intended to highlight the food being offered at the event so you and your child can make informed decisions about their food choices.

Food will be offered throughout the evening including pizza and chicken fingers and macaroni and cheese. Gluten free chicken fingers and pizza will be available upon request and kept separate and served in the cafeteria. We will be serving cookies (may not be nut free), bottled water, soda, and Starbuck's iced coffee.

In addition, we will be serving ice cream (vanilla and chocolate chip nut free and gluten free) with toppings (hot fudge, sprinkles, strawberry sauce and whipped cream). Sorbet will be served individually for lactose intolerant seniors.

For breakfast, we will be serving bagels (nut free, soy free and dairy free) and gluten free bagels, cream cheese, mini muffins, bananas, juice and coffee.

If you would like to bring food from home, the refrigerator and freezer in the teacher's lounge will be available to hold your food.

There will be one on-site EMT available throughout the evening. It is your son/daughter's responsibility to bring his/her inhaler and/or Epi-pen to the event. Please clearly mark your name on the Epi-pen and hand it in at the registration desk. Your inhaler may be left in your personal bag.

Please feel free to contact me with any questions, comments or concerns. Our goal is that everyone has a great time and enjoys this fun and memorable event.

Best Regards,

Joy Stickel
