ABOUT WCIU

Mission

WCIU was founded in 1977 as a faith-based educational institution focusing on international development as understood and practiced by agencies, development organizations, and educational institutions around the world.

WCIU provides innovative, distance education programs to equip professionals serving with agencies, development organizations, and educational institutions as they address the multi-faceted challenges of societies around the globe.

Core Commitments

1. WCIU's programs are *Faith-based but Non-sectarian*:

WCIU's underlying core value is a belief in the divine Creator of the cosmos who can be known through the physical universe and the sacred collection of writings commonly known as the Bible, portions or the whole of which are accepted as authoritative by Jews, Muslims and Christians alike, and widely respected by other religions. We are also followers of Jesus, whose teachings have been instrumental in inspiring and motivating social reformers, scientists, and development practitioners over the past 2,000 years. WCIU's reason for equipping students for development work is based on two biblical commandments: *'Love the Lord your God with all your heart, with all your soul, with all your mind, and with all your strength.'* *The second most important commandment is this: 'Love your neighbor as you love yourself.'* (Jesus, the Bible, Mark 12:31-32). We welcome persons of every socio-religious background to engage with us in understanding this biblical perspective and to pursue the sacred ideal of biblical *shalom* — the mutual pursuit of right relationship with God, with self, and with others that leads to peace, health, and well-being for all.

2. WCIU's Educational Programs are *Holistic and Integral*:

WCIU's educational is committed to reflection and critical thinking that integrates personal faith-generated commitments with practical service. Core courses integrate an understanding of history and the social sciences with the biblical narrative and worldview. This approach aims at generating the holistic growth and personal development of our students as they work with others to address the social challenges of their field contexts, employing their professional services with the goal of social transformation.

3. WCIU's Educational Programs are *Mentored*:

Although WCIU offers field-based extension programs, we are committed to providing our students virtual contact with experienced scholar-practitioners who comprise our faculty. We also recognize the immense value to professional growth of peer mentoring and as often as possible, organize our students into cohort groups. This lessens the sense of isolation distance learning can produce, and provides a stimulating learning experience in which students can share their insights related to their work, their community engagement, and their personal development with others involved in similar work around the world.

4. WCIU's Educational Programs are *Flexible*:

WCIU's programs are designed for working adults serving with international development organizations in a variety of global contexts, or preparing to do so. Our part-time, field-based approach allows students to work toward a degree while actively serving with their organization

almost anywhere in the world. We seek to encourage a healthy balance of the student's time commitment by encouraging synergistic integration of study and research with their work.

5. WCIU's Educational Programs are *Collaborative*:

WCIU recognizes the value of working with organizations, both educational and service oriented, who share the same fundamental values and perspective. We work at creating viable partnerships with these organizations in order to generate the best environment and context for learning to take place for students, employees and volunteers. We recognize that these relationships will not always be formal academic partnerships, but rather collaborative efforts aimed at strengthening the hand of those serving to address pervasive problems and challenges faced by the peoples of developing nations. This also means a commitment to providing courses and materials in various languages of instruction.

Institutional Objectives

WCIU strives to generate the following competencies in its students:

1. Apply insights gained from the understanding and integration of biblical, cultural, historical, and applied research in addressing the social challenges they face as part of an agency, organization, or institution working in a particular social context.
2. Generate collaborative grass-roots efforts in addressing pervasive problems facing societies in their specific field and context.
3. Apply research methods in the assessment of needs, and the formulation of programs that effectively address the needs and challenges of specific socio/cultural groups and contexts where they work.
4. Responsible for their own learning by organizing and administrating self-generated research and learning programs using primary and secondary resources available to them in the context where they serve.
5. Communicate the results of their research and programs in effective ways to a variety of audiences, including other scholars, supporting constituencies, and the people they work with which may include non-literate populations.

Philosophy of International Development

International Development means anything that is done or could be done to further develop the nation/region/local area for good.

Ralph D. Winter, WCIU Founder

WCIU holds the deep conviction that development is a dynamic process of change and growth that is most effective when generated from within a socio-cultural system, and not by external forces. Thus, development that aims at seeing societies positively transformed must also aim at addressing moral, ethical, and religious dynamics which are often at the core of human suffering and need. Effective development must also capitalize on local initiative and resources development. Only through such development practices can lasting change be achieved and lives be transformed.

WCIU is named after William Carey, an enterprising 19th century Englishman who devoted nearly fifty years to the people of India with an exceptionally broad approach to community and national development. His achievements spanned the realms of scientific research, economic and ecological innovation, social reform, linguistic and literary works, and educational advancement. He brought innovation to Indian society by establishing the first printing press, the first English language newspaper,

the first horticultural society, the first banking house, and the first school for girls. He also helped found one of India's oldest and most prestigious colleges.

Carey recognized that the major challenges facing the Indian peoples of his day lay deep within the historical, socio-cultural matrix of the nation—its ideology, its politics, socio-economic systems and religious worldviews. His examples and writings led the way for hundreds of faith-based agencies to be formed and tens of thousands of faith based workers to be sent over the subsequent two centuries, to the “uttermost parts” of the earth. Where these workers have gone, they have established schools to dispel ignorance, small businesses to address poverty, defended the rights of women and children, established clinics and hospitals, addressed innumerable social ills, and formed communities of faith and hope, often in the face of opposition by colonial powers and other controlling political interests.

In the spirit of William Carey's legacy, WCIU seeks to equip students to understand the malignant systems that contribute to poverty, disease, crime and injustice, and effectively address their causes. Only through sound development practices can lasting change be achieved. WCIU embraces and proactively promotes the Biblical concept of *shalom*, signifying a state of right relationship with God, with self, with others, and with creation leading to common peace, health and prosperity.

A Distance Education

WCIU programs are delivered through distance education. Rather than traditional face-to-face classroom interaction, students interact with instructors and classmates through the Populi Online Classroom Management system. Students must have access to a computer and the web in order to take courses from WCIU. Students who demonstrate initiative in communicating with fellow students, faculty and staff gain the most from distance education course delivery.

Student Body

WCIU was founded to provide a means for those serving on the frontlines of international development to continue their education and professional development while maintaining their commitments and influence in their context of practice. We welcome as well, those who would like to broaden their perspective on international development, particularly from a cultural, historical, and biblical viewpoint.

WCIU's student body works or is preparing to work primarily in what are commonly referred to as developing countries, in the fields of education, micro enterprise, and community development. Many WCIU students have an undergraduate background in intercultural studies, education, or business, but the university considers a wide range of bachelor degrees in evaluating students who apply to its programs.

As an online university, students can work remotely. To that end, WCIU does not offer student visas and cannot vouch for foreign students studying in the United States.

Students who thrive in WCIU's programs:

- are aligned with WCIU's missions and values;
- can effectively balance time between studies, work, and personal responsibilities;
- are able to develop cross-cultural skills;
- are hard-working and diligent in academics;
- are self-directed learners and can maintain communication with people remotely;
- desire to break new ground in the field of international development.

Financial Solvency

WCIU is financially solvent. It has no pending petition in bankruptcy, is not operating as a debtor in possession, has not filed a petition for bankruptcy in the last five years. WCIU has not had a petition in bankruptcy filed against it within the last five years that resulted in its reorganization under Chapter 11 of the United State Bankruptcy Code.

WCIU students are expected to share faith-based values of integrity, respect, and a commitment to service. Additionally, WCIU students are expected to act with consideration for others, maintain a high standard of moral conduct and be sensitive in interpersonal relationships. Dishonest, immoral, abusive, and harmful practices including ethnic/gender discrimination, harassment, and sexual relationships outside of marriage are prohibited. All are also expected to support our community convictions by abstaining from the use of non-prescription narcotics and hallucinogenic drugs at all times, and the use of alcohol and tobacco while participating in University activities.

In turn, the University expects that students enrolled at WCIU will comply with local, state, and federal laws governing dangerous and potentially hurtful behaviors and substances.

Code of Ethics

Academic Freedom

Freedom to teach and freedom to learn are inseparable facets of academic freedom. The freedom to learn depends upon appropriate opportunities and conditions in the learning context. Students should be free to take reasoned exceptions to the data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course or program in which they are enrolled. Students should exercise their freedom with moral responsibility.

Academic Integrity

Dishonesty in academic work includes plagiarism, unauthorized collaboration on assignments, violation of the conditions under which the work is to be done, fabrication of data, unauthorized use of computer data, and excessive revision by someone other than the student. Academic dishonesty is subject to strict disciplinary action, which may include loss of credit for the assignment or course, expulsion from the program of study, and/or expulsion from WCIU.

Students are expected to do their own thinking and academic work, drawing upon the ideas of others and then synthesizing them into the student's own words. Following are definitions of specific violations of WCIU's Code of Ethics.

Plagiarism. Plagiarism is the act of representing the work of others as one's own, such as copying the work of others without citing the source accurately and truthfully, on exams, papers, and other writings. Excessive copying from in lieu of original articulation of thoughts and concepts, even when the original source is acknowledged, is unacceptable and may necessitate rewriting of the paper.

Unauthorized Collaboration. Working with others without the specific permission of the instructor or unauthorized delegation of work to others (with or without pay), on assignments that will be submitted for a grade by the student. This rule applies to all research, writing or other academic assignments.

Fabrication of Data. such as that reported in any academic paper or publication. such as that reported in any academic paper or publication.

Unauthorized Use of Computer Data. The use of data that the student hasn't been given explicit permission to utilize, such as questionnaire data, charts, graphs or other forms of data reporting.

Excessive Revision by Someone Else. The employment of a person to revise and/or edit work that exceeds the function of "copy editing." Copy editing is the practice of having a skilled reader edit spelling, grammatical, formatting errors. This does not exclude the work of an expert "reader" who checks the work for integrity, validity, organization and other matters related to the content.

Adhering to Copyright Law. WCIU adheres to the copyright law of the United States. Acts of copyright infringement include, but are not limited to, misusing copyrighted material in one's coursework and misusing material for which an institution owns the copyright (web site materials, publications, etc.) WCIU adheres to the copyright law of the United States. Acts of copyright infringement include, but are not limited to, misusing copyrighted material in one's coursework and misusing material for which an institution owns the copyright (web site materials, publications, etc.)

The process of disciplinary action for violating WCIU's Code of Ethics is as follows:

First offense - The student's assignment will be returned for him/her to rewrite and the student will receive reduction of 1 letter-grade on the revised assignment. The course instructor will report this to the Student Services Department, and a note will be made on the student's record.

Second offense - The student will receive a zero on the assignment with no chance of resubmission. His/her instructor will report this to the Student Services Department, and a note will be made on the student's record.

Third offense - The student will receive an "F" for the course. His/her instructor will report this to the Student Services Department, and a note will be made on the student's record.

Fourth offense - The student will be reviewed by the MA Committee and may be asked to leave the program.

Nondiscrimination Policy

WCIU does not discriminate on the basis of race, color, national or ethnic origin, gender, marital status, or physical disability in accordance with Federal, State, and local laws. The University's expectation is that its faculty, staff, and students will not discriminate against one another.

Intellectual Property Rights

Credit is always given to the originator of the intellectual property in question, no matter how it is used or who owns the rights. This includes work that is done by or in collaboration with or between students, faculty and/or others.

Written or other creative work by a student is their intellectual property and always should be credited to them when being quoted. If the work is to be published or commercialized in any way, the university and any other person involved (such as a faculty member who may feel they share the intellectual rights), need to clarify the matter with the chief academic officer. An agreement should be made that includes all parties who feel they have a vested interest in the product. Signed copies of the agreement need to be made and filed at the university. If any of the parties do not wish to sign the agreement, the proposed publication or commercialization of the product should be postponed until such agreement is reached.

Student Housing

WCIU's unique programs allow for students to remain in their context while completing their education, which removes the need to relocate. Because WCIU is a non-residential university, WCIU is not responsible to find or assist a student in finding housing.

Pursuant to the above notice, WCIU will continue its commitments to all its students currently admitted and enrolled in its programs. However, it is currently only admitting NEW students into its core, MA in International Development degree program.

General Admissions Requirements

In order to apply for the MA program at WCIU prospective students must:

- hold a bachelor's degree from a recognized post-secondary institution of higher learning or its equivalent

- be recommended to the program by an agency, school or qualified person within the WCIU network of international development organizations and partnerships
- have been a student in good standing at the institution where the degree was earned

English Language Requirements

Students enrolled in English language programs may take courses in a language other than English with the approval and supervision of WCIU faculty. All such courses must be taught by an academically qualified instructor. If written work is submitted by the student in a foreign language, in compliance with such courses, they must be graded by a qualified instructor who is fluent in the language, and has been approved by the WCIU. Any grade assigned must be recorded with the four-point system used by WCIU. Applicants to English language programs whose first language is not English will be required to demonstrate the ability to study and complete assignments in English at the graduate level. The ability to study at the graduate level in English may be demonstrated in one or more of the following ways:

- TOEFL score of 90 (for the internet-based test) or 550 (paper-based test)
- IELTS score of 6.5

When enrolled in a WCIU English language program, foreign students are expected to enter the program with high English language reading competence. They must also have reasonable audial comprehension and be able to communicate with faculty and each other in spoken English. WCIU does not always expect the student to generate major academic work in English, recognizing that that work may be of much greater value in their own language. At faculty discretion, work may be submitted in another language. In such cases, the work will be assessed and evaluated by a WCIU approved qualified faculty who is fluent in the language. Any grade assigned must be recorded with the four-point system used by WCIU.

Technology Requirements

The majority of WCIU coursework requires access to the internet for the use of the online library and Populi, our online course management system where students post assignments, interact in discussions, and correspond with faculty. Students must have access to reliable internet to achieve successful academic progress.

Transfer Credits

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits earned at William Carey International University (WCIU) is at the complete discretion of the institution to which a student may seek to transfer. Acceptance of the degree earned at WCIU is also at the complete discretion of the institution to which a student may seek to transfer. If the credits earned at this institution are not accepted at the institution to which a student seeks to transfer, the student may be required to repeat some or all of the coursework at that institution. For this reason, students should make certain that attendance at WCIU will meet their educational goals. This may include contacting an institution to which they may seek to transfer after attending WCIU to determine if the credits will transfer.

No more than 20% of graduate semester units or the equivalent in other units awarded by another institution may be transferred for credit toward a MA degree.

The number of credits transferred from graduate-level degree programs will be considered on a case by case basis through an official transcript review. An official transcript evaluation will be performed to determine the number of transfer credits that will be granted for previous academic work. Transfer

credits will be awarded only if they are from institutions of higher learning that are accredited by a body that is recognized by the US Department of Education or the Council of Higher Education Accreditation (such as those listed herein). Non-U.S. institutions must have an accepted foreign equivalent at an institution listed in the International Handbook of Universities.

The University reserves the right to determine the acceptability and relevance of degrees and credits earned at other institutions. Transfer credits accepted from other institutions are assigned grade points according to WCIU's grading system.

In addition, students who wish to transfer credits:

- must have earned a grade of B or higher for the course to be considered for credit transfer.
- must have completed the credits within the last ten years.
- must have an official transcript documenting prior coursework sent to:

William Carey International University
Office of the Registrar
1539 E. Howard St.
Pasadena, CA 91104
USA

Note: WCIU does not award credit for experiential learning.

Transfer Agreements

WCIU has not entered into an articulation or transfer agreement with any other college or university regarding acceptance of transfer credits.

Student Identification Verification

WCIU collects students' photo government issued identification during the admissions process and uses multiple means to verify student identity throughout enrollment. Students access the college management system using a secure login and passcode. Additionally, students participate in synchronous discussions with other students and faculty bi-monthly. During these bi-monthly discussions, faculty compare student attendance against the government issued identifications on file.

REGISTRAR

For registrar-related questions not answered in this Catalog, please email: registrar@wciu.edu.

Registration for Courses

The course registration period lasts for 6 weeks. MA students register for their courses in Populi. Each student is required to sign and submit an Enrollment Agreement each term. The Enrollment Agreement form is available on Populi.

All inactive and active students receive notification when the registration period opens, a reminder three weeks into the registration period, and a final reminder two days prior to the conclusion of the registration period. When the registration period ends, students will no longer be able to access the option in Populi to enroll in their courses. There is an additional week long late-registration period, which lasts until one week prior to the beginning of the term. Students who desire to register during the late registration period need to send an email requesting their desired course title and length to registrar@wciu.edu.

Registration during the late period is not guaranteed, but will depend on whether a course facilitator and other resources can be secured prior to the beginning of the term. If a student is able to register, the Registrar will enroll the student in the requested course and a \$50 late fee will be charged to the student's account.

Concurrent Enrollment

Within the transfer guidelines above, studies relevant to a student's program may be taken for credit through institutions recognized by WCIU upon the recommendation of the student's program advisor or field supervisor and approval by the program director. Such studies are considered concurrent enrollment if taken during a term when students are also registered for courses in a WCIU degree program. Transferring credit for these approved studies taken through other WCIU-recognized institutions requires that an official transcript (academic record) be sent to the Office of the Registrar upon completion of the work.

Dropping Courses

Fees are subject to a refund schedule if a student withdraws/drops a course. Twenty percent of tuition and Program Fees are nonrefundable. See the Refunds section on page 38 for more information. A refund will be credited to the student's Populi account unless a student requests otherwise.

Withdrawal from Courses

Students are able to self-withdraw from courses they have selected in Populi prior to the registration deadline each term and receive a refund in full. Please see the Academic Calendar for a clear listing of all administrative periods and deadlines for the 2017-2018 academic year.

Students who choose to drop a course after the first week of the term has officially begun must notify the Registrar at registrar@wciu.edu. Please see the Academic Calendar section in this Catalog regarding deadlines for withdrawing from a course without receiving a grade of Incomplete.

Course Completion and Extensions

Instructors manage assignment schedules as specified by the course schedule in the syllabi. Students are expected to comply with that schedule and complete all assignments by due dates. No credit will be

given for an incomplete course, unless the student is granted an extension by the instructor, as described below, and the deadline for the extension is met.

Instructors have discretion in the granting of extensions for coursework for MA courses and can grant students an extension of up to 6 weeks beyond the course end date under mitigating circumstances. (Coursework extensions granted for more than one week after the end of the course requires documentation be recorded in Populi of an emergency situation that prevents the student from finishing the course on time.) The student will be charged a \$50 extension fee. Students will receive an "Incomplete" as a course grade until the instructor submits their final grade. Failure to submit coursework by the extension deadline will translate automatically into a "0" on the student's unsubmitted assignment.

Administrative Withdrawal

If a student does not engage in a course for which he or she is registered during the first week, the course facilitator will reach out to the student by personal written correspondence or means of a virtual conference. If the student does not engage in the course for any given reason, the faculty member will inform the registrar that the student has not engaged in the course and registrar will withdraw the student from that course at the faculty member's request. A student who is withdrawn administratively will receive a pro-rated refund. Additionally, a withdrawal may be effectuated by the student's written notice or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance.

Cancellation

Should WCIU cancel a course before the starting date, students will be give due notice by email and be entitled to a full refund of all fees and tuition paid.

Leave of Absence

Under certain unavoidable circumstances, such as a serious illness, injury, or a death in the family, students may petition for a Leave of Absence by emailing studentservices@wciu.edu. The request will be brought before the MA Program Committee, and the Committee's decision will be communicated to the student by Registrar. Note: This process may take 7-10 days due to needing Committee approval. When the student is ready to return to the program, a \$50 readmission fee will be charged.

Inactive Student Policy

Students are encouraged to plan ahead and utilize the flexibility offered to them through WCIU's program structure, refraining from enrollment during terms that will likely be lead to an unsuccessful attempt at course completion. However, if a student fails to enroll in any course during two consecutive terms for any reason, the Student Services Department will automatically place the student on "Inactive Status." An inactive student interested in resuming studies will need to petition to be readmitted as instructed below.

Students who do not choose to enroll in 20 consecutive terms (5 academic years) and who have not communicated with WCIU during that time will be automatically terminated from the program.

Petitioning for Readmission

Students who do not enroll or withdraw from courses for two consecutive terms will be made inactive. Any student seeking to be readmitted should send an email to studentservices@wciu.edu stating the desire to enroll in courses. The student's request will be reviewed and the registrar will then communicate the decision to the student. *(Please note the turnaround time for this request may be 7-10 days so must be done well in advance of enrollment deadlines.)* If the student's petition for readmission is approved, he/ she will need to pay a \$50 readmission fee and will then be re-activated in Populi and eligible to register for courses for the next available term.

Graduation Requirements

Note: all requirements must be completed by the official end date of the term in order for a degree to be conferred.

- Complete all coursework for their degree with a cumulative GPA of 3.0 (B average) or higher.
- Submit a "Request to Graduate" application form at least three months prior to the end of the final term. Students may reference the Academic Calendar for exact dates. Failure to submit this form by the deadline may result in a delay in the student's official graduation date until the next processing cycle.
- Pay all fees and tuition and have a \$0.00 balance in Populi.
- Have completed all coursework with a cumulative GPA of 3.0 (B average) or higher.

Diplomas

Once students are approved for graduation, they will be billed a \$50 graduation fee. Degrees are conferred and diplomas are printed at the end of each term for all students who have met the graduation requirements. Students will then be mailed a diploma and an official transcript.

Transcript Requests

Unofficial transcripts can be accessed by current and recent students by signing into one's Populi account, clicking on the "My Profile" tab, and then clicking on the "Student" tab. To request an official transcript, current and former students can fill out the WCIU Transcript Request Form found on the website and send the completed form to registrar@wciu.edu. Transcripts will be mailed to the address included on the transcript request form within ten business days of receiving the request. Expedited transcript requests incur an additional twenty (20) dollar expediting fee.

Please note that transcript requests will not be approved if the student's account has an unpaid balance.

On the transcript request form, students may authorize a representative to pick up the transcript on their behalf by completing the release statement and identifying the representative. The representative will be required to show proof of identification prior to the release of the transcript at the time of pick up. Transcripts not picked up within two weeks of the transcript request will be mailed to the address listed on the transcript request form.

Note: Fees for transcripts by mail or expedited carrier are the same for official and unofficial transcripts.

That will direct students to a link that can be sent to another individual who will be paying the fee. The credit card used will be charged immediately if the "Make a Payment" option is selected.

Students who did not use the Populi online management system may pay by check. Please make checks out to William Carey International University and mail to the following address:

Student Privacy Policies (FERPA^[OBJ])

WCIU maintains all records required by the California Educational Code in student files located at the Office of Admissions and Records for a minimum of five years. When student paper files are purged after five years, WCIU retains student transcripts permanently in digital form.

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their records. "Student," is defined as one who has at one time been admitted to William Carey International University for a course or program of study.

These rights are:

- The right to inspect and review the student's records within 45 days of the day William Carey International University receives a request for access. Students must submit to the Office of the Registrar written requests that identify the record(s) they wish to inspect. The Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Office of Admissions and Records, the student shall be advised of the correct official to whom the request should be addressed.
- The right to request the amendment of the student's education records that the student believes are inaccurate. Students may ask William Carey International University to amend a record that they believe is inaccurate. They should write to the Registrar, clearly identify the part of the record they want changed, and specify why it is inaccurate. If William Carey International University decides not to amend the record as requested by the student, the student shall be notified of the decision and advised as to his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. - records that are excluded from the FERPA definition of education records.

In addition, WCIU reserves the right to deny transcripts or copies of records not required to be made available by FERPA

- the student has an unpaid financial obligation to WCIU.
- there is an unresolved disciplinary action against the student.

Note that federal law allows for several additional circumstances listed (see the full list below) under which PII (Personally identifiable information, which includes information that can be used to distinguish or trace an individual's identity either directly or indirectly through linkages with other information) may be disclosed to third parties without the student's prior written consent. In all other circumstances, the university must obtain prior written consent before disclosing non-directory information.

List of Disclosures Postsecondary Institutions May Make Without Consent

Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, §99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, §99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures.

William Carey International University may disclose PII from the education records without obtaining prior written consent of the student –

- To other school officials, including teachers, within the university whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
- To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the university's State-supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)

- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))

Right to Inspect Records and Disclosure of Educational Records

WCIU adheres to the requirements of Section 438 of the General Education Act. Students have the right to inspect their educational records. Further, students must give permission in writing before their records may be released to others, to others, except for directory information and disclosure to WCIU faculty and staff with a legitimate educational interest.

At William Carey International University, directory information is designated to be the following:

- Student name
- Verification of enrollment status including full-time, part-time, graduate, undergraduate, and classification.
- Student major and minor fields of study, academic honors, and degrees.
- Dates of attendance.

The primary purpose of directory information in the higher education context is to provide enrollment information to employers or other interested parties. Students have the right to “opt out” of providing directory information. Requests to limit the release of directory information must be submitted by email to the Office of the Registrar at registrar@wciu.edu.

Before a student opts out of providing directory information (also known as requesting a "FERPA directory block"), it should be considered that this may make it impossible for employers or other interested parties to verify the student's dates of attendance at William Carey International University. Even if a student requests a FERPA directory block, lending agencies will still be able to confirm dates of attendance.

Students have the right to refuse to let WCIU designate any or all of those types of information about the student designated as directory information, by notifying WCIU in writing. Students also have the right to challenge inaccurate or misleading material in their records and the opportunity for a hearing before a neutral committee. If this committee decides that the challenged information is not inaccurate, misleading, or in violation of the student’s right of privacy, the student has the right to have placed in the record a statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the committee’s decision.

If the University discloses the contested portion of the record, it must also disclose the student’s statement. If the University decides that the information is inaccurate, misleading, or in violation of the student’s right of privacy, it will amend the record and notify the student in writing that the record has been amended.

Grading Policies and Procedures

Each course has a defined grade type (A-F scale, credit/no credit or pass/fail). Course grades are based on online discussion participation, quizzes, exams, papers and projects. Please refer to individual course syllabi for specific information regarding assignment grades. Course instructors are expected to post final course grades by the end date of the term, which is two weeks after coursework ends.

In all courses, except those designated as credit/no credit or pass/fail, scholarship is ranked as follows:

Grading Symbols

A+, A, A-: exceptional

B+, B, B-: superior

C: average

D: poor

F: failure

Note: A course that is failed or deemed incomplete for any reason may be reattempted one time. If completed successfully, the student may continue their course of study. If not, the student may be withdrawn from the program at the discretion of the program committee.

I: Incomplete – An “I” is granted when students have completed most required coursework, but are unable to complete the course **due to extenuating circumstances**. An “I” remains on the student’s record until the final grades are recorded in Populi. Failure to submit coursework by the extension deadline will translate automatically into a “0” on the student’s un-submitted assignment(s).

IP: In Progress – An “IP” appears as the course grade when a student is still enrolled in a term or has applied for and has been granted the extension. If the course is not completed by the stipulated date, the “IP” will translate automatically into a “0” on the student’s un-submitted assignment(s).

NC: No Credit – This mark was previously recorded by the institution when a student who had not applied for an extension did not complete a course, failing to submit assignments. It is no longer in use in this capacity. An “NC” on a transcript is assigned a value of 0.0 per credit hour when calculating GPA. Courses marked as NC are included in GPA calculations and in determining Academic Standing, Academic Probation, and Academic Disqualification. NC courses do not add credits or fulfill degree or program requirements.

RD: Report Delayed – An “RD” is recorded when a delay in reporting the grade is due to administrative circumstances not caused by student actions. RD does not add earned credits and does not affect GPA. When it becomes available, the earned grade replaces RD.

W: Withdrawal – A “W” is assigned only for emergency withdrawal after the last day to drop courses, **for reasons beyond the control of the student**, such as serious illness or death in the family. A “W” will appear on the transcript, and does not add earned credits and does not affect GPA.

Academic Standing

Satisfactory Academic Progress Policy

WCIU requires students to maintain Satisfactory Academic Progress (SAP) throughout their program enrollment. Students must complete all coursework for their degree while maintaining a cumulative GPA of 3.0 (B average) or higher.

Academic standards of performance are established to ensure satisfactory progress towards a degree.

Quantitative Standards for Measuring Student Progress

The maximum time allowed for the completion of the MA Program for any students who start after the 2016-2017 school year is 5 years from the start date of the student’s first course.

Qualitative Standards for Measuring Student Progress

There is a large degree of qualitative evaluation. The major assessment tool for the measuring of qualitative progress and development beyond ascertaining this in assignments is the practicum. It is designed to assess if the student is meeting self-determined goals and developing skills and attitudes that will lead to success. For most assignments, WCIU faculty assign numerical grades of 1-100.

These performance standards form a basis for the following academic classifications:

- Good Standing
- Academic Probation
- Academic Dismissal

Good Standing (Active)

A minimum cumulative grade point average of 3.0 for graduates must be maintained to be in good standing.

Academic Probation

If a student’s GPA has fallen below the minimum requirement of 3.0 cumulative GPA, he or she will be placed on academic probation. The following steps occur for a student on Academic Probation:

- The student will be notified by the registrar's office that they have been placed on academic probation.
- The student may enroll in courses the following term, but must achieve a 3.0 cumulative GPA to continue in the program.

Academic Dismissal

- If the student on academic probation does not achieve a 3.0 cumulative GPA after completing two courses following the term after he or she has been placed on probation, they will be

dismissed from the program unless their supervising faculty submits a petition on their behalf outlining remedial actions that the student agrees to undergo, in order to be readmitted. The petition should be made within six-months of a student's placement on academic probation, and include a specific remedial course of action (such as taking an academic writing courses), or other courses of action (such as taking action to make adequate time for studies). The petition will be ruled on by the program committee and their decision communicated to the supervising faculty member who will then communicate the decision to the student. The student will be accountable to the supervising faculty in the completion of the remedial course of action.

- The student will be allowed to enroll in courses when to the satisfaction of the supervising faculty member, the needed competencies or conditions have been achieved and advises the program committee that the student is ready to be readmitted. The committee will then advise the registrar. All communications should be directed to (studentservices@wciu.edu).
 - Simultaneously, the student must submit the Application for Readmission form found on the website.
 - Upon receiving the student's application for readmission and notification from the program committee, the Registrar will contact the student to inform him/her of readmittance.
- **Decisions regarding student readmission may take 7-10 days and may not be appealed.**

Calculating GPA (Grade Point Average)

For each credit in which the student is enrolled, point values are awarded as follows:

Grade	Point Value
A+, A	4.0
A-	3.7
B+	3.3
B	3.0
B-	2.7
C+	2.3
C	2.0
C-	1.7
D+	1.3
D	1.0
F	0.0

To Determine Grade Point Average (GPA)

- Determine the grade points received for each course by multiplying the point value indicated above times the number of credits the course is worth.
- Add up the total number of grade points (GP) and the total number of credits (U). (Do not add credits for any course that received the grades of: I, W, or RD.)
- Divide the total number of grade points by the total number of credits. $GPA=GP/U$

Suspension and Probation for Misconduct

WCIU reserves the right to fail the student in a given course or ask a student to leave the program if they are found to be repeatedly dishonest in academic practice such as plagiarism (the use of uncited work as one's own work) and/or the fabrication of data to support arguments. If a student plagiarizes, Student Services will be notified, it will be noted on the student's record, and the student's grade will drop. Students who choose to plagiarize after being warned may be expelled or put on probation for the remainder of their studies at the sole discretion of the academic committee examining the case. Students on probation will automatically be expelled from the program if they are found guilty of the same or similar practices while on probation.

WCIU also reserves the right to put the student on probation or ask a student to leave the program if they demonstrate lack of adequate progress towards a degree, and other justifiable causes.

Academic Disqualification

Students who are put on probation and failed to meet expectations of remedial actions established with their supervising faculty member, will be dismissed from the program based on academic disqualification.

Grade Appeals

Any students who have questions or concerns about a grade they have received should first send an email directly to their supervising faculty. The faculty member will respond to the student to answer the question, copying communication to Student Services studentservices@wciu.edu. If the student does not feel the issue has been satisfactorily resolved, he/she may email the Student Services department at within six weeks of the initial grade being given to file a request for review of the grade with the program committee, giving clear, detailed reasons of why he/she believes the grading was inappropriate. The program committee will notify the supervising faculty that an appeal has been made and request an explanation in writing of why the original grade was given and why a new grade is or is not being given. The program director will respond directly to the student with information regarding their ruling, in a timely and appropriate manner. The student's appeal, faculty response, and committee ruling will be filed in the student's file.

Proctoring for Exams

Mastery of a course is determined by the successful completion of written academic assignments and evaluations. The number and frequency of such demonstrations of proficiency will vary according to the nature of the course. Students should proceed with the course work in a systematic manner and follow the instructions for all written assignments and examinations.

To assure the integrity of major examinations, the presence of a proctor who has been approved by the student's supervising faculty may be required. The proctor cannot be a relative of the student or fellow student. Proctors could be school teachers, administrators, professionals, or other person with academic and character qualifications. All proctors must be approved before the examination date and be able to receive the exams through mail, email, or be in the room with the student when the exam is taken.

The Proctor Application Form must be submitted to the supervising faculty and then on to WCIU for its records. Once received and approved by the supervising faculty, the proctor will be contacted with instructions for administering the examinations.

FINANCIAL INFORMATION

Note: Fees are subject to change at the discretion of the University. These projected costs only include those charged by the WCIU for its services and does not include additional costs associated with the student's personal internet access, any travel occasioned by their studies or any other expense that may be incurred while in the pursuit of a degree from WCIU.

MA Tuition and Fees

Charges to M.A. students for WCIU courses are divided into the following categories:

1. **Application fee.** Students enrolling in WCIU for the first time are required to pay an application fee of \$50.00. This fee is paid only once and covers the initial cost of establishing and maintaining a student's file, and reviewing the supporting documentation of the student's application. This fee is non-refundable. [Please note that students who are inactive for more than 2 consecutive term will be automatically placed on inactive status and must be re-activated. The re-admission fee is \$50.]
2. **Tuition.** The tuition fee will be paid to WCIU when the student registers for a course. This is the charge for instruction or instructional services. The tuition cost for each course is \$200 per credit hour. A two-credit course therefore costs \$400 in tuition. Tuition will remain fixed for a given academic year, but may change from one academic year to the next. Students are notified in advance if the tuition amount changes.

Total tuition for MA students:

36 credits x \$200/credit= \$7200*

(Excludes cost of books and other materials and one-time application fee of \$50.)

*A payment plan is available for students to pay in one-month increments. Please see "Financial Aid and Payment Plan" section of this Catalog.

3. **The online library access fees.** WCIU's online library, Latourette Library, allows students access to required reading and textbooks. The online library access fee for each course is \$50. The costs of access to the online library are subject to change at any time. Students are notified in advance if the fee changes.

Total online library access fees:

16 courses x \$50/course= \$800

4. **Books.** Most of the M.A. program course readings are accessible electronically in course lessons or through our online library catalog. However, students may need to purchase additional books (either hard copy or Kindle e-book) for the completion of course requirements. Many of these books will be used in multiple courses throughout the program. Students may contact reference@wciu.edu for further information regarding textbook costs.

Approximate total book cost for the entire program:

\$480 - \$ 960 plus shipping

5. **Graduation Fee**

Students are required to pay a \$50 graduation fee. This fee covers the cost of a diploma and an official transcript delivered to the student's address.

Example of total costs per term (for one 2-credit course):

1. \$ 400 Total for the course (\$200 per semester credit x 2 credits)
2. _____ Less any scholarships and reductions
3. \$400 Subtotal (Line 1 – Line 2)
4. \$ 50 Curriculum Fee (non-refundable)
5. \$0 STRF fee assessed (see below)
6. \$450 **TOTAL DUE FROM STUDENT FOR THIS PERIOD OF ATTENDANCE due by the end of the payment period, unless a payment plan is established.** (Line 3 + Line 4)

ESTIMATED TOTAL COST FOR THE PROGRAM

- Application Fee: \$50
- Tuition: \$7,200 (\$200 per semester credit hour x 36 credits)
- Online Library Fee: \$800 (\$50 per course x 16 courses)
- Estimated Total Textbook Costs: \$480-\$960 (plus shipping costs)
- Graduation Fee: \$50 (diploma and official transcript)
- Estimated Total Program Costs: \$8,580-\$9,060
- **Total: \$8,580 to \$9,060**

Loans

The University does not offer lending to students who wish to finance the cost of their education with loans. WCIU does offer a payment plan each term to students who wish to pay the school directly. WCIU's payment plan and practices adhere to the FTC's Regulation Z (Truth in Lending") requirements.

If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student receives federal student financial aid funds, the student is entitled to a refund of the monies not paid from federal

financial aid funds.

WCIU operates in a financially responsible and ethical financial manner in the collection of fees and tuition. Any complaint about collection procedures and practices should be made to the Registrar who will respond within two business days.

Institutional (non-Title IV) Financial Assistance, Payment Programs

The university will accept payments from non-Title IV assistance programs, unless they condition the function and/or policies of the university in restricting or inhibiting the university in the pursuit of its mission or violate its core values. The university retains the rights to evaluate financial assistance programs on a case-by-case basis and determine whether or not they can or will attempt to meet their criteria.

Payment by Guarantor

Students may have their tuition and fees paid by another individual or organization (also known as a guarantor). A guarantor may request a student to sign a release of academic information if assisting in paying tuition and/ or fees.

Student Grievance Policy

WCIU progress and Grievance Policy

William Carey International University (WCIU) acknowledges that students have the right to seek a remedy for a dispute or disagreement through a comprehensive complaint and grievance procedure.

A complaint is defined as dissatisfaction when a decision or action has been made inconsistently with university policies and procedures, or improper, unfair, arbitrary, or discriminatory treatment has occurred.

A grievance is defined as a complaint for which a mutual resolution has not been achieved through informal mediation at Levels I and II. A grievance must be accompanied by supporting evidence that the decision made at Level II was unjustly rendered.

WCIU reserves the right to amend use of the Complaint and Grievance Policy in any circumstance that is deemed necessary by the university. Additionally, should a complaint be against a faculty member or administrator, an opportunity will be provided for the faculty member or administrator to respond to the received complaint in attempt to aid in its resolution.

Complaint Procedure

Level I

Students may file a complaint by contacting the specific department or faculty member that the complaint is against or by submitting the Complaint Form within Populi. Submission of a complaint should take place within ten business days of the occurrence. The student will be notified that the complaint has been received within 48 hours. A decision will be communicated to the student within ten business days after receiving the complaint.

Level II

Students not satisfied with the decision rendered at Level I should contact the Student Services department within five business days of receiving the Level I decision and request that the decision be considered at a higher level. The student will be informed that the request has been received. The Student Services department will then take this Level II request to the Registrar who will provide a secondary review, consideration, and will communicate the decision to the student within ten business days following receipt.

Level III

Students not satisfied with the decision rendered at Level II may file a formal, written grievance. This grievance must be a letter that is sent to the University President at 1539 E. Howard St., Pasadena, CA 91104 USA within ten business days of the Level II notification date. The grievant must include the following criteria, as appropriate in the letter:

- The specific university policy or procedure that has been allegedly violated,
- Factual information and/or evidence supporting the grievant's views on the alleged violation, and
- A description of the outcome the grievant seeks.

The grievant will be notified that the grievance has been received and the University President will then give independent consideration, adjudication, and a written decision about the grievance within seven business days of the notification which includes information on how students can file complaints for states WCIU is approved to offer its program.

Filing Complaints with External Agencies

Students who wish to file a complaint with an agency, may review full contact information found below for applicable agencies. Students should not contact these agencies unless they have completed the university's process for filing a complaint and no resolution has been achieved.

Library Services

Our extensive digital collections are a key asset to WCIU students around the globe. WCIU subscribes to several research databases that give students and faculty access to a wealth of articles and eBooks on a variety of subjects. WCIU's digital library is located at www.latourette.worldcat.org. Students receive a

username and password when accepted to the University in order to access password protected materials. Instructions and tutorials that help students and faculty access the on-line catalog of Latourette Library are located on the Latourette Library homepage. They can be accessed at any time at <http://www.wciu.edu/index.php/latourette-library/library-home/>. For more information on how to get the most out of Latourette Library resources, please visit <http://latourette.worldcat.org/>. For additional information, please email librarian@wciu.edu.

Academic Counseling

The Student Services Department is available to provide students directly with academic counsel, or to connect them with faculty and staff who can provide assistance.

Alumni Services

WCIU alumni are a valued part of our community, and we strive to keep the alumni community informed on current WCIU activities through social media and our WCIU academic journal. Alumni are encouraged to submit articles for consideration to the WCIU International Development Journal, as well as proposing other means of communicating and interacting with our WCIU community.

Career Services

WCIU programs are designed for mid-career professionals seeking to engage in humanitarian service, research, program development and direction, or training of personnel in the broad field of international development. Therefore, WCIU does not habitually offer placement services. However, WCIU receives information from voluntary associations and training centers involved in development, and cooperation with these organizations may provide opportunities for career placement. WCIU students may be referred to training centers and educational institutions in other countries and to cross-cultural opportunities with NGOs around the world.

Honor Society

While WCIU places great value on academic performance, we feel that we best honor our students by supporting them in their endeavors to serve others. There is no standing academic honor society, but the university grants honorary degrees from time to time, for persons in International Development fields that have demonstrated outstanding achievement in their work.

Visiting Pasadena

Students who will be in the Pasadena area and are interested in visiting our academic offices are encouraged to contact our Student Services department at studentservices@wciu.edu approximately one month in advance of the visit for information regarding housing, places to eat, and other logistics.

MA in International Development Program

The MA in International Development degree provides students with an understanding of social, cultural, and religious factors that have affected global development throughout history. Through an analysis of past and present attempts to address challenges to human, social and national development, graduates will be prepared to conduct research and design programs to address current global challenges. Additionally, this degree provides students with a broad foundation in international development with an interdisciplinary approach while focusing on their own specializations and

contexts, conducting research and competency development that furthers their own work within the entity that employs them.

Notice: Students register and pay for their courses online, and assignments are submitted online. Therefore, all students are required to have regular access to a computer and the Internet.

Total Credits: 36*

The length of a term for a 2-credit course is typically 3 months. Students may enroll in up to 8 courses per calendar year.

*MA students enrolled before the October 2016 Term are required to complete the number of credits stated in the Catalog for the academic year in which they entered the MA Program.

Program Purpose

The purpose of the MA degree in International Development is to meet the needs of WCIU's constituency of international development organizations. The degree is intended to provide cross-cultural workers of those organizations with an understanding of social, cultural, and religious factors that have affected global development throughout history and prepare them to address the challenges they face in their work.

Students accepted into WCIU's MA will likely be:

- seeking preparatory training for international development positions in the so called "developing" nations.
- working for an international development agency and desires a flexible continuing education option.
- referred by organizations with which they work or plan to work.
- recommended by a qualified scholar/leader who sees leadership potential in the student and wishes to mentor him or her in the development of professional skills
- those who wish to study and be mentored professionally by a particular recognized scholar/leader.

Program Outcomes

As a result of their studies in the MA in International Development Program, students will:

1. be self-directed learners, who initiate, manage and modify their own learning goals and activities;
2. think critically and reflectively by questioning assumptions and weighing evidence related to ideas and practices;
3. demonstrate proficiency in conducting research and reporting their findings in culturally appropriate ways;
4. articulate implications of the biblical meta-narrative in which God calls human beings to work with Him in restoring the whole creation;

5. use Biblical study methods and sound hermeneutical principles to explain what the Bible says about God’s purposes in history;
6. describe, compare and contrast societies, cultures, and religious systems;
7. apply integrative theories and methods of international development to concrete situations in their particular context.
8. develop skills and competencies needed to address the challenges and opportunities students face as they pursue international development goals in the context of their work.

Academic Content

The MA in International Development curriculum integrates perspectives from a wide range of disciplines through a historical, biblical, and cultural approach to understanding God’s global purposes. The curriculum covers four time frames of civilization:

- A. Ancient world (Creation to 400 BCE)
- B. Classical world (400 BCE to 200 CE)
- C. Expanding world (200 CE to 1945)
- D. Modern world (1945 to present)

The original curriculum was designed by nationally recognized scholars: Dr. Walter Kaiser (Trinity Evangelical Divinity School and Gordon-Conwell Seminary); Dr. Walter Russell, Jr. (Biola University); Drs. Paul Pierson and Ralph Winter (Fuller School of World Mission); and Dr. John Gration (Wheaton Graduate School).

Format of Courses

WCIU requires students to complete 36 credits of integrated coursework. Integrated coursework means that subjects such as history and cultural anthropology are not studied in separate courses as is customary. Rather, information from various subject areas is included in individual lessons, as appropriate to the time or era being studied. The overall organization of the course of study is chronological, from ancient times to the present.

Attendance and Participation

Because WCIU offers a distance education program, cohort groups meet virtually according to a schedule developed through interaction with students in each group with the cohort facilitator. Cohort group meetings will be both "synchronous" (at the same time) and "asynchronous" (not at the same time) through forums, online blogs, and other available means. Students must participate in the online discussion for each lesson (whether synchronous or asynchronous) and submit assignments as indicated in the course syllabi.

Other Languages

Since WCIU also is focused on serving national workers working with international development organizations, WCIU is committed to developing courses that serve national languages other than English. To date, WCIU has developed courses in Spanish, Korean and Chinese. This is to facilitate the understanding of foreign students of core curriculum. WCIU also recognizes that development requires contextual understanding and that local language resources may be a key to creating understanding and implementing programs that address development issues effectively. Written work may be accepted for assignments, particularly if it is prepared for publication, when there is a qualified English speaking bilingual faculty member supervising the coursework.

Maximum Length of Time Allowed for Completion of MA Program

The maximum time allowed for the completion of the MA Program for any students who start after the 2016-2017 school year is 5 years from the start date of the student's first course. This is true regardless of any leave of absence or other time away from studies a student has taken.

Program Purpose

The PhD in International Development at WCIU provides an interdisciplinary approach that focuses on equipping mid-career professionals seeking to engage in humanitarian service, research, program development and direction, or training of personnel in the broad field of international development.

Notice: Students register and pay for their courses online, and assignments are submitted online. Therefore, all students are required to have regular access to a computer and the Internet.

Program Outcomes

As a result of their studies in the Ph.D. in International Development Program, students will be able to:

- formulate viable research questions, manage information, design, conduct, and report original research, informed by insights from the integration of biblical, cultural-anthropological, historical and applied research.
- apply key disciplinary and multi-disciplinary norms and perspectives relevant to the area of specialization in international development to their field and work.
- show a profound respect for intellectual integrity, and for the ethics of research and scholarship.
- apply research to refine the efforts of international development organizations in ways that advance the understanding and practices of development programs contextually and globally
- articulate and communicate effectively through oral and written means in order to disseminate the results of research and practice to a variety of audiences.
- exhibit the knowledge of an informed professional of international development, in their field of specialization.
- evaluate the relevance and value of their research to national and international communities of scholars and co-laborers in international development.
- mentor others in the development of foundational knowledge and skills in their field of international development.

Achievement of these learning outcomes is measured by means of course assignments, evaluation of field experience, Doctoral Qualifying Examination, doctoral dissertation with oral defense, and mentoring activities.

Academic Content

The WCIU doctoral program is field-based with independent study components and does not have a residential component on the WCIU campus. Following the American system, 52 credits of advanced coursework beyond the MA level is required in a specialization within the field of international development. Students who do not have the MA in International Development as the core of the total

52 total credits required for the doctoral program. The heart of the PhD program is the relationship between the student and their Major Advisor, who serves in a mentoring role. In this collaborative relationship, students contribute to the professional and scholarly goals of their Major Advisors as they pursue their own research under the supervision and guidance of the Major Advisor. Students in turn share what they are learning in mentoring relationships of their own as a key component of the program.

In addition to completing 16 credits of standard courses, PhD students must also complete 22 credits worth of Independent Study, a Doctoral Qualifying Exam, and a dissertation. A minimum of 30 credits of the Required Courses and Individualized Courses must be taken at WCIU.

Doctoral Learning Contract (DLC)

WCIU has adopted the use of a Doctoral Learning Contract (DLC) which clearly charts the student's individualized study program. It is designed by the student and Major Advisor and submitted to the student's Doctoral Committee for input, approval, and monitoring. The DLC is also reviewed and

approved by the Graduate Programs Committee. Similar reviews and approvals must take place if there are substantial changes in the DLC.

The DLC is created during the course “Intl Dev 574 – Research Design” and arranged in the sections as described below. Students can choose to fill in the PDF form provided during their Research Design course (adding pages for the various courses selected for the program), or choose to create their own document following the same format, but these subject areas must be covered.

Section 1. Summary of Major Focus. Outline the major areas to be covered in the Doctoral Qualifying Examination (toward the end of the study program) and the research focus of the Doctoral Dissertation, as far as is known at this time. The individualized study program is to be designed keeping in mind these topics and the student’s Specialization within International Development.

Section 2. Background Information. List learning outcomes, educational resources, and basic strategies for the doctoral program being proposed.

Section 3. Required Courses. These courses ensure a master's level understanding of the broad field of International Development.

Section 4. Individualized Courses. These courses focus on studies in the Specialization and supporting disciplines. They can be taken at any educational institution, or they can be especially designed by the student’s own Committee as individualized study courses from WCIU. Many courses at the individualized study level are in the form of directed readings or field research. They are designed to help students become thoroughly acquainted with the scholarship in their field, as well as to prepare them for their more narrowly focused dissertation research. In either case, a Course Outline must be submitted and approved before enrollment in each course.

Section 5. Other Requirements. Indicate other types of learning expected of the student, such as an academic or field language that the student’s committee considers necessary.

While many of the specific activities in the doctoral program will become known only gradually as each step is taken and as the student becomes acquainted with the field of study, designing the DLC at the start provides an outline guide to follow. The student and all Committee Members can see the entire program at a glance and can monitor progress more readily.

Ideally, there should be no unknown requirements that become apparent late in the student’s program. Significant modifications of requirements require approval from the VP of Programs. Students are to report all changes made to their course schedules to registrar@wciu.edu and it will be noted on the students' record.

Note: All PhD students must have completed all their coursework by July 1, 2020 or risk being unable to complete their programs.

Changes in the Doctoral Learning Contract

After approval of the DLC, unforeseen circumstances may develop, preventing fulfillment of some aspects and necessitating changes in the Contract. Upon consulting all committee members, the Major Advisor should send a request for changes in the DLC to academicaffairs@wciu.edu. Approval for most minor modifications, such as course substitutions, is granted by the Chair of Graduate Programs

Committee with the Doctoral Committee's knowledge. If major changes are requested, a new Doctoral Learning Contract should be prepared and forwarded to academicaffairs@wciu.edu for approval.

Doctoral Qualifying Exam

There are two ways to meet this requirement:

- a) The Doctoral Committee designs a written exam based on the subject areas listed in the DLC. When the student has completed all studies designated in the DLC—except language studies that may be undertaken when starting field research—the Major Advisor should arrange for the DQE to be given. The DQE may be repeated once. If in the Major Advisor's and Director of Graduate Programs' judgment, the Student has not been able to pass the exam, after the second attempt, he or she will be withdrawn from the program.
- b) If the Committee chooses, the Student may submit 3 articles that have been published during the course of studies that relate directly to the DQE main subject areas listed in the DLC. The Director of Graduate Programs will approve or decline this option, depending on the quality and relevance of the material submitted. A statement will also be requested from the Major Advisor documenting specific reasons why the Student is capable of undertaking doctoral level research in the field of Specialization.

When the DQE is passed and all required courses are completed, the Student is advanced to Candidacy status. In some European degree programs this is known as Doctorandus status.

Research Proposal

The formal Research Proposal is a supplemental major document to be written by the student, with the guidance of the Major Advisor. The proposal can be submitted as early as the DLC submission but should be submitted before registering for Dissertation. The Proposal should state the need for and objectives of the intended research, intermediate goals, and the methodology upon which the research will be based. The Proposal is to include both a clear statement of the intended thesis and a carefully selected preliminary bibliography of the most important literature to which the thesis is directly related.

Students are advised to give careful attention to planning and writing the Research Proposal, as it affects their dissertation research. It is not unusual for students to be required to rewrite early drafts of the proposal because their research plans are not framed within the context of current theoretical positions within their discipline. The Proposal, like the DQE, is an assessment tool used to evaluate the student's ability to apply theory to a specific research topic. The Research Design course will provide guidelines to assist the Student in developing the Proposal.

The proposal must be approved by the Doctoral Committee and the Graduate Programs Committee. If, after two unacceptable proposals have been submitted, the VP of Programs/ Chief Academic Officer determines that a student will be unable to adequately undertake dissertation research, the student will be terminated from the program.

Dissertation Writing

Dissertation research is conducted under the supervision of the Doctoral Committee. The Major Advisor should be available to be consulted and to render supervisory assistance frequently, especially during the initial research phase.

The search of relevant literature may demand that the student utilize research libraries, government archives, the internet, computer databases, and other appropriate information resources. Interviews, discussions, and correspondence with specialists on related topics should be planned both before and during this phase of research.

Oral Defense

Once the final draft of the dissertation is approved by all Doctoral Committee members, an outside reader, and the Chair of Graduate Programs Committee, the Major Advisor arranges for an Oral Defense of the dissertation, which he or she will chair. Also participating will be the other committee members, a member of the Chair of Graduate Programs Committee, and additional Readers appointed by the University. Guidelines are available from the Director of Graduate Programs for making this a profitable experience of sharing knowledge gained with interested scholars.

While it is ideal for all participants to be present in the same room during the oral defense, it is not unusual for some to participate by phone or video conferencing.

The oral defense is a demonstration of the student's:

- command of the research data and its analysis in terms of appropriate theory, proving the validity of the hypothesis; and
- comprehension of and ability to explain with authority the original contribution of the dissertation within the context of the academic field.

All members of the student's committee must agree, with the concurrence of the VP of Programs/ Chief Academic Officer, that the defense was passed. Approved dissertations shall then be signed by all Doctoral Committee members and other Readers, recommending the student for the degree. A further revision of the dissertation may be required after the oral defense. Failure to successfully write and defend the dissertation will result in termination from the program.

Approved Dissertation

The student must submit an electronic copy of the final approved dissertation and 2 physical copies of the signature sheet, both with original signatures from the Doctoral Committee and all other Readers. WCIU will order the two required bound copies, which WCIU will keep. Additional copies may be ordered by the student at his or her expense.

PhD in International Development Courses

Anthro 505 - Cultural Anthropology

Course Description

This course will enhance students' appreciation of human culture. Learning to view the world through sociocultural lenses will aid in the process of discovering and addressing the challenges faced by societies around the globe. Students will gain a systematic understanding of key anthropological concepts, such as, culture, communication, social structure and kinship, worldview, religious beliefs and practices, and cultural change. By applying anthropological insights to cultural analysis, students will develop a sensitivity to their own cultures as well as others.

1. describe the strengths and weaknesses of one's culture and worldview from a cultural anthropological framework, integrating biblical insights on the impact of culture personally and in other socio-religious contexts.
2. apply anthropological insights in effectively understanding, communicating, practicing holistic principles that lead to personal and social transformation.

InterCultr 565 - Foundations

Course Description

The purpose of this course is to provide a chronological overview of the historical and cultural aspects of the global development of the biblical faith. An overview is given of the past and present with focus on understanding factors that enabled the biblical faith to continue to expand its ideal of "shalom" and implement transformational strategies in developing nations. The positive and negative impact of religion on culture and human development is examined as well as principles for effective cross-cultural communication of biblical faith and practice.

Upon completion of the course, the student should be able to:

1. explain the activity and purposes of God in history.
2. present a historical overview of biblical faith from a missiological perspective.

InterCultr 580A - Introduction to Mentoring

Course Description:

Coaching, tutoring, imparting knowledge, increasing skills, and growth are part of a healthy mentoring relationship and integral to the work of development. The course provides the opportunity for the student/mentor to develop a mentoring relationship with another student or workplace colleague. The course readings lead to a greater understanding of the practice of mentoring. Regular and guided communication equips the student/mentor to relate effectively to the person they are assigned to mentor, a process closely supervised by the instructor. Expanding on this foundational course, Mentoring Practicum (InterCultr 580B) will provide a six-month experience of mentoring.

Upon completion of this course, students should be able to:

1. value mentoring and commit to being a mentor to others
2. successfully engage a student in active reflection on coursework being taken.
3. evaluate implement ways in which an online mentor-facilitator can effectively engage others in developing their understanding and skills related to their work.

InterCultr 580B - Mentoring Practicum

Course Description:

The Mentoring Practicum seeks to build on the principles and practices established in Introduction to Mentoring. The intentionality, nurture and insightfulness of the mentoring relationship grows with experience and further coaching. Teaching a course on-line will give student mentors first-hand experience of active mentoring through course facilitation. The relationship with the course instructor and other students is key to the progress and development of the student mentor.

Prerequisite: Introduction to Mentoring (InterCultr 580A).

Upon completion of this course, students should be able to:

1. mentor students in an online environment.
2. commit to mentoring and teaching others during and after they complete their doctoral studies.

IntlDev 531 - Introduction to Research Methods

Course Description

This course informs the student of standard research methods used in graduate level academic research. The student gains understanding about the purpose of research, its legitimate usage and best practices, and methods available. The student is thus enabled to make an informed decision regarding the correct method(s) to use in their own research.

Upon completion of this course, students will be able to:

1. explain the essential character and uses quantitative and qualitative research.
2. compare and contrast qualitative and quantitative research as it relates to their specific field of interest.
3. become familiar with several specific methods used for both qualitative and quantitative research and under what circumstances they are used
4. select two methods applicable to the central research issue of their project, and be able to comprehend the theory and practical procedures of the chosen methods well enough to be able and ready to implement one or the other or both, in their research

IntlDev 574 - Research Design

Course Description:

This course seeks to equip scholars with the skills needed to perform research that makes a contribution in their chosen field study. Building on the various research methodologies in Introduction to Research Methods, this course will guide students through the development of the Doctoral Learning Contract and a first draft of the Research Proposal, thus equipping the student for the next stages of the doctoral project in preparation for successfully writing a research-based dissertation.

Upon finishing the course, the student should be able to:

1. develop a research topic that will contribute to knowledge within the context of international development.
2. select and articulate a rationale for the research methodology or methodologies he/she will adopt for the dissertation research project.
3. develop the *Doctoral Learning Contract* that includes tutorial outlines for the related library and field research.
4. draft a preliminary *Dissertation Research Proposal* that follows WCIU's Dissertation Proposal Guidelines.

Note: Courses requested for credit transfer need to be in the same subject area as specified in the student's Doctoral Learning Contract (DLC).

PhD Tuition and Fees

Note: Fees are subject to change at the discretion of the University. These projected costs only include those charged by the WCIU for its services and does not include additional costs associated with the student's personal internet access, any travel occasioned by their studies or any other expense that may be incurred while in the pursuit of a degree from WCIU.

Note: WCIU is not receiving NEW applicants for the PhD program.

Charges to PhD students for WCIU courses are divided into the following categories:

1. **Application fee.** Students enrolling in WCIU for the first time are required to pay an application fee of \$50.00. This fee is paid only once and covers the initial cost of establishing and maintaining a student's file, and reviewing the supporting documentation of the student's application. This fee is non-refundable unless the refund request is made within 5 business days from when the student submits their application, not including holidays and weekends. [Please note that students who are inactive for more than 2 consecutive (3 month) terms will be automatically placed on inactive status and must be re-activated. The re-admission fee is \$50.]

2. **Program fees.** Program fees will be paid to the university for every term that the student is enrolled. The tuition cost for each 3-month term is \$900, so PhD students typically pay \$3600 per year. 20% of the Program Fee is nonrefundable. The PhD Program is a minimum of three years for a full-time student and a maximum of 10 years. Tuition will remain fixed for a given academic year, but may change from one academic year to the next. This fee covers access to WCIU's online library, Latourette Library, allows students access to required reading and textbooks. This fee also covers the costs for the dissertation manuscript to manuscripts to be reviewed by an outside reader. *A payment plan is available for students to pay in one-month increments. Please see "Financial Aid and Payment Plan" section of this Catalog.

Total program fees for PhD students depends on how many terms they are enrolled. Ideally, PhD students complete all their coursework within six years, as explained below:

3 years x \$3600 = \$10,800
6 years x \$3600 = \$21,600
7 10 years x 3600 = \$36,000

*Excludes cost of books and other materials and one-time application fee of \$50.

3. **Books.** Most of the PhD program course readings are accessible electronically in course lessons or through our online library catalog. However, students may need to purchase additional books (either hard copy or Kindle e-book) for the completion of course requirements. Many of these books will be used in multiple courses throughout the program. Please contact reference@wciu.edu for further information regarding textbook costs.

Approximate total book cost for the entire program: \$150-\$300.

4. **Dissertation Printing Fees.** Students are responsible for paying fees related to printing two hardcover, bound copies of the dissertation for WCIU.

Estimated cost for two hardcover, bound dissertations:
2 dissertation copies x \$100 each = \$200.

5. **Graduation Fee**

Students are required to pay a \$50 graduation fee. This fee covers the cost of a diploma and an official transcript delivered to the student's address.

TOTAL ESTIMATED COST OF PHD PROGRAM FOR THREE YEARS:

\$50 + \$10,800 + \$150-\$300 + \$200 + 50 = \$11,250- \$11,400

TOTAL ESTIMATED COST OF PHD PROGRAM FOR SIX YEARS:

$\$50 + \$21,600 + \$150 - \$300 + \$200 + 50 = \$22,050 - \$22,200$

TOTAL ESTIMATED COST OF PHD PROGRAM FOR TEN YEARS:

$\$50 + \$36,000 + \$150 - \$300 + \$200 + 50 = \$36,450 - \$36,600$

Example of costs per term

1. \$ 900 Total for the term (2-8 units)
2. _____ Less any scholarships and reductions
3. \$0 STRF fee assessed (See below)
4. \$900 **TOTAL DUE FROM STUDENT FOR THIS PERIOD OF ATTENDANCE, due by the end of the payment period, unless a payment plan is established.** (Line 1 – Line 2)

ESTIMATED TOTAL COST FOR THE PROGRAM = \$11,400 - \$36,600

Students who cancel their Enrollment Agreement and withdraw from their program/WCIU have the right to a full refund of all charges and tuition for the current term paid through attendance at the first class session or the seventh day after enrollment, whichever is later, less the \$50 Program Application fee. Students who desire to cancel the Enrollment Agreement and withdraw from the University must email their request to studentservices@wciu.edu. Withdrawal may be effectuated by the student's written notice or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance.
