Success Indicators:
Completion/Graduation Rate for ALL programs/courses:
On-time completion rate in 2015:

40% (2 of the 5 students who were scheduled to graduate in 2015 completed their studies and graduated on-time)

On-time completion rate in 2016:

33% (2 of the 6 students who were scheduled to graduate in 2016 completed their studies and graduated on-time)

On-time completion rate in 2017:

13% (2 of the 15) students who were scheduled to graduate in 2017 completed their studies and graduated on-time. In 2011 former WCIU staff brought in large numbers of students to increase enrollment without adequately screening them for academic history, English proficiency, or fit with the WCIU program. Two of them graduated within the six-year window and two are still taking classes to finish. The other ten withdrew, transferred, or were expelled for academic integrity issues (1). In order to prevent such attrition, WCIU
has tightened its admissions standards, improved faculty/student interaction, and enhanced its student support and services.
