# EXHIBITION INFORMATION

**BAD ART | @badartpresents**

Bad Art is a curatorial project founded in 2016. We aim to challenge the contemporary art world through transgressive exhibitions that offer a different way of interacting with art. Bad Art shows are a reaction & protest against the hushed silence of the white-walled gallery experience.

## LET THEM EAT FAKE

You are cordially invited to a dinner you cannot eat. Come feast your eyes on a smorgasbord of heavenly delights. Through exhibiting a banquet of inedible food, *Let Them Eat Fake* explores the culture of visual food consumption.

Whilst prioritising visual nourishment, how much importance is left on lining our stomachs? An addiction to eating only with our eyes is perpetuated through an infinite loop of online food pornography. Meals are digested through the white light of our screens, tantalising our senses but failing to nourish our bodies.

Food reveals itself as a taboo, being both pleasurable and shameful at once - an object of virtue to be desired from afar, drifting further away from the dining table and straight into the white-walled gallery.

## CHARITY PARTNERS &amp; SPONSORS

CHARITY PARTNER | [BEAT EATING DISORDERS](#) | [@beatedsupport](#)

Beat are the UK's eating disorder charity. Founded in 1989 as the Eating Disorders Association, our mission is to end the pain and suffering caused by eating disorders.

Beat's national Helpline exists to encourage and empower people to get help quickly, because Beat knows the sooner someone starts treatment, the greater their chance of recovery. People can contact Beat online or by phone 365 days a year. They listen to all enquiries, help callers to understand the illness, and support them to take positive steps towards recovery. Beat also support family and friends, equipping them with essential skills and advice, so they can help their loved ones recover whilst also looking after their own mental health. And Beat campaigns to increase knowledge among healthcare and other relevant professionals, and for better funding for high-quality treatment, so that when people are brave enough to take vital steps towards recovery, the right help is available to them.

EXHIBITION HOST | [BWG GALLERY](#) | [@brushes\\_with\\_greatness](#)

Brushes with Greatness is a Gallery & Visual Art Agency established in 2021 by Founder & Curator Jack Trodd.

BWG Gallery's dedicated programme and guest Curator programme establish creative connections between artists, collectors, enthusiasts, businesses, and charities alike; encouraging pan-societal, interpersonal communication and the sharing of ideas through accessible, experiential art. BWG exhibitions unite stylistically conceptual art with installations, via location responsive curation. The ideal to realise spaces that unify architecture, progressive thought, immersive art and exemplary interior curation.

Though unrestrictive, BWG Gallery themes often centre around harmony with the Earth, ourselves and one another. Welcoming artists of all creeds and cultures whilst predominantly showcasing the work of early career artists. BWG Gallery opened its first permanent gallery at 13 Soho Square, London in Summer 2023.
