

SHADES

Shades are available in the following selection of translucent, metallic and matte powdercoat finishes. We also provide the option of custom colour powdercoating, subject to a lot fee as well as adjusted lead times.

Teal Satin Black Smoke Brass Champagne Sleet White Red Candy Red

HARDWARE

Sockets are solid brass and available in the following standard finishes. Rose gold, white and custom colours are available as socket covers over one of our standard socket colours.

Black Antique Black Antique Brass Brass Polished Nickel Brushed Nickel Socket Cover

Single pendant designs come with a canopy finish which matches your socket choice.

Multiport canopies are made from spun stainless steel. They are available “as is”, with a black or custom powdercoat, or with the addition of a polish finish-plate on the front surface which extends two inches beyond the canopy diameter.

CORDS

All of our lighting is wired in house, then safety approved through CSA. We can make your light according to your ideal length allowing an additional foot of wire for adjustments. The following pages show colour options. Anything with an asterix is an in-stock colour, all others colours and patterns, or substitution to a rod is considered custom order and subject to an additional fees.
