## MARY CARIOLA CHILDREN’S CENTER FAST FACTS – 2016-2017

### MISSION...

We are the Regional Leader in personalized, interdisciplinary, evidence-based education and life skill solutions that inspire and empower individuals with complex disabilities and their families.

### A leader in programming for children and youth with disabilities

Mary Cariola is a private, non-profit agency and is regarded as a leader in providing education, residential programs and other services for individuals with disabilities. The Center was the first in the nation to have a sensory room, and opened the state’s first group home for children and youth with significant behavior management needs.

• Preschool (3-5 yrs)	Annual Tuition Rate	NYS Education Dept.	Home County
• School Age (5-21)	Annual Tuition Rate	NYS Education Dept.	Home School Dist.

# COMMUNITY SERVICES PROGRAMS

The **Residential Program** provides full-time care in a family setting to small groups of children and youth with multiple disabilities and behavior management needs. The program's six residential facilities located throughout the county serve 44 residents, with six to nine in each home.

**Medicaid Service Coordination** provides outreach to individuals with disabilities in the community and their families. Medicaid Service Coordinators work with these individuals and their families to identify and secure services from community resources to assist them.

**Behavior Management Services:** A Family Support Services program for which each participant has a complete behavioral assessment and support plan developed specifically for them. This program includes family training, monitoring, review and oversight for each plan and participant throughout their time in the program.

**Enhanced Home and Community Based Waiver Services Program** entails working in the home with families who have a need for additional support. Highly trained staff work on objectives in the individual's home a few hours each day, several times/week. Other skills that may be worked on include activities of daily living such as cooking, household chores and developing consistent routines. At other times, staff will provide support in the community, which could range from going out to a movie to purchasing a meal or shopping for groceries. Therapeutic respite will be housed in our Bailey Road residence, and will include residential habilitation plans and the behavior support plan for each participant.
