Walk to Ban Nuclear Weapons; Walk to End the Madness

On January 22, 2021, nations around the world celebrated the ratification of the Treaty on the Prohibition of Nuclear Weapons. This treaty makes it illegal to develop, test, produce, manufacture, use or threaten to use nuclear weapons. Unfortunately, the U.S. government and the other eight nuclear-armed nations are unwilling to sign the Treaty, and, in fact, have plans to upgrade their current arsenals. This is insanity! We must insist that our government fulfill its past commitments, further reduce U.S. and Russian nuclear stockpiles and engage other nuclear-armed nations in serious talks leading to the elimination of these horrendous weapons.

Now is the time to speak out! Now is the time to take action!
