1. ABOUT THE KOREAN CULTURAL CENTER NY

Inaugurated in 1979, the Korean Cultural Center New York (KCCNY) is a branch of the Ministry of Culture, Sports and Tourism of the Republic of Korea. KCCNY works to promote cultural arts exchange and stimulate interest in Korean culture through diverse activities including gallery exhibitions, performing arts concerts, film festivals, and educational programs.

Gallery exhibitions are organized by Gallery Korea, a division of KCCNY for various Korean, Korean-American, and international artists. Each year, multiple exhibitions are held and hundreds of artists have showcased their works through our annual Call for Artists program in addition to our specially curated programs.

KCCNY both presents and supports performing arts events that span traditional Korean music and dance to contemporary works. With our annual Open Stage program that provides rising performers to showcase their works in New York to special presentations with prestigious local cultural arts institutions, KCCNY’s performing arts programs attract audiences from all over the country.

The film division is also a dynamic part of KCCNY with increasing attention and support from the New York audience. Through programs like Korean Movie Night New York, KCCNY introduces new Korean films and features Korea’s most prominent directors through specially curated series. The film division also presents international and local film festivals with partners like Film at Lincoln Center and the New York Asian Film Festival.

Furthermore, KCCNY hosts food competitions and workshops with the world’s top chefs presenting Korean cooking techniques and unique ingredients for the public as well as for culinary students and professionals. Our programs celebrate the long standing traditions as well as embrace new creative interpretations with Korean culinary aspects.

The Center also proudly supports athletes of all Korean sports as well as athletes of Korean background. We also have special programs with taekwondo, an official Olympic sport, and have been supporting K-12 schools as well as universities to provide the highest quality of education and encourage its growth in the US.

Our library holds a rich collection of books and research materials in both English and Korean, covering topics such as Korean literature, history, and more. We also allow our users to access e-books through our website. Open to the public, the library is a space that allows our visitors to delve deeper into Korean culture.

By utilizing these ample resources and capabilities, the ultimate role of KCCNY is to reinforce Korea- U.S. relations by promoting Korean culture and values through diverse mediums.

2. ABOUT THE NEW YORK KOREA CENTER

On June 28th, 2018, KCCNY held the official Groundbreaking Ceremony for the New York Korea Center, which will be the new home of KCCNY at its opening in 2022.

With a new beginning at the New York Korea Center, KCCNY will be able to provide a newly expanded platform to operate more comprehensively to serve the New York community and be a part of its vast cultural spread. It will serve as a multiplex cultural hub for audiences that provides a window into Korean art, music, film, history, language, literature, and cuisine.

The design of the New York Korea Center embodies the modern Korean sensibility of innovation in harmony with tradition. A multi-layered glass facade creates a screen wall that illuminates three sculptural figures within - composed of polished ceramic, rough terracotta, and milled wood - representing Heaven, Earth, and Humanity.
The iconic figures embrace the building’s three distinct zones: soaring public spaces, semi-public cultural lecture rooms and the library, and administrative offices. The New York Korea Center will be a valuable venue for promoting cultural exchange and enhancing mutual understanding between Korea and the United States. The Center will be located at 122 E. 32nd Street in New York City.
