

CONVERSION AND WEIGHT INFORMATION

EVENT FORMAT

Multi Species Event (Walleye, Bass, Pike, Muskie)

Best Five Fish to be weighed (Catch Photo Release - No Actual Weigh In)

Your weighed fish can be a mix of Walleye, Bass, Pike or Muskie.

PHOTO GUIDELINES

1. Full body fish on bump board
2. End tail measurement notches on bump board
3. Hero shot (full fish held upright)

In each photograph, the boat number card that is distributed to your team during boat check must be included.

Please note: on the end tail measurement we can zoom in to verify that it is the same as the full measurement photo. This way it ensures your boat number can be included. If boat numbers are not included, the photo and fish will not count.

ANGLER QUESTIONS Can be directed to Kara Wattunen at 612-382-0881 on the day of the event.

TOURNAMENT BOUNDARIES Eligible tournament waters will be determined by the tournament director prior to the start of the tournament and will be in compliance with any state and federal laws including any specific permit regulations. The Eligible waters are considered "Lake Minnetonka."

OFF LIMITS PERIOD The off limits period for the tournament will from 5:00 PM the evening of the pre-tournament meeting until the official "launch time" the day of the event. There will be no pre fishing allowed during or after the meeting or before take off in the morning.

WEIGH-IN will be Catch Photo Release, and will be on a first come first serve basis. The term weigh-in used in this document refers to Catch Photo Release. No fish are to be brought to "weigh in" only photos can be submitted. Once fish have been presented to a Tournament Official to be "weighed" all fish become the property of this event.. Once a team member has checked in or left the boat for the purpose of checking in, neither team member may fish or continue fishing. It is the team's responsibility to be at the weigh in on time and to weigh fish accordingly. Teams need to present themselves in a completely sportsmanlike friendly manner at the weigh in to staff, volunteers, sponsors, and fans. Also competitors should be aware that video, pictures, and interviews will be occurring. All teams will be provided one standard measuring tool and conversion chart the morning of the event (or at the Rules Meeting the day prior).

LATE POLICY Competitors who are not checked in by the start of the official "weigh in" will be penalized at a rate of 1 pound per minute, up to 15 minutes at which time their catch will be disqualified. Late penalties will also be deducted from "Big Fish" weight as well as total weight. Weight of fish to be determined by measure, and conversion charts.

CONVERSION CHART INFORMATION Conversion Charts are from In-Fisherman. These formulas use total length of the fish, measured from the tip of the snout to the tip of the tail fin when compressed.

WALLEYE LENGTH / WEIGHT CONVERSION CHART

LENGTH IN INCHES	WEIGHT
12 in	0.62 lb
13 in	0.79 lb
14 in	1.01 lb
15 in	1.25 lb
