

HEALTH & SAFETY MAP

SET: 48 E Main St, Albuquerque, New Mexico, 87113

ZONE A PREP

ZONE A SPECIFICATIONS

- Personal Protective Equipment (PPE) Mandatory at all times.
- Allow sufficient work time to follow safety protocols.
- Personal equipment (such as tools, headsets, microphones and radios) shall be cleaned and disinfected before being issued and then at least once per day. Personal items or equipment that must be shared between members of the cast and/or crew must be wiped down with disinfectant between use and hand hygiene shall be performed after handling.
- When use of shared paperwork is required, such as blueprints or sketches, hand hygiene before and after handling is recommended.

Hands should be washed or sanitized:

- Upon arriving at the job site
- After blowing one's nose, coughing, or sneezing
- After using the restroom
- Before and after eating or drinking
- After contact with animals or pets
- After handling shared equipment or objects
- After cleaning or disinfecting equipment, tools or workspaces, and at other appropriate times throughout the workday.

High-touch surfaces shall be wiped down periodically with appropriate, EPA-registered disinfectant, following the disinfectant manufacturer's instructions (e.g., safety requirements, protective equipment, concentration, contact time). Examples of high-touch surfaces are tables, doorknobs, countertops, phones, faucets, etc.
