There is an excitement to *Hitting the Mark*, be it piercing the target, reaching the top, landing that fish, finishing the job, hearing laughs from your joke. Accomplishments - of course! Let's add to those your patrol together - setting up camp, feeding yourselves, working, laughing, learning as a team. Above even those how about the aha! moment when you learn deep down - a life skill - a life truth - a *God Truth*.

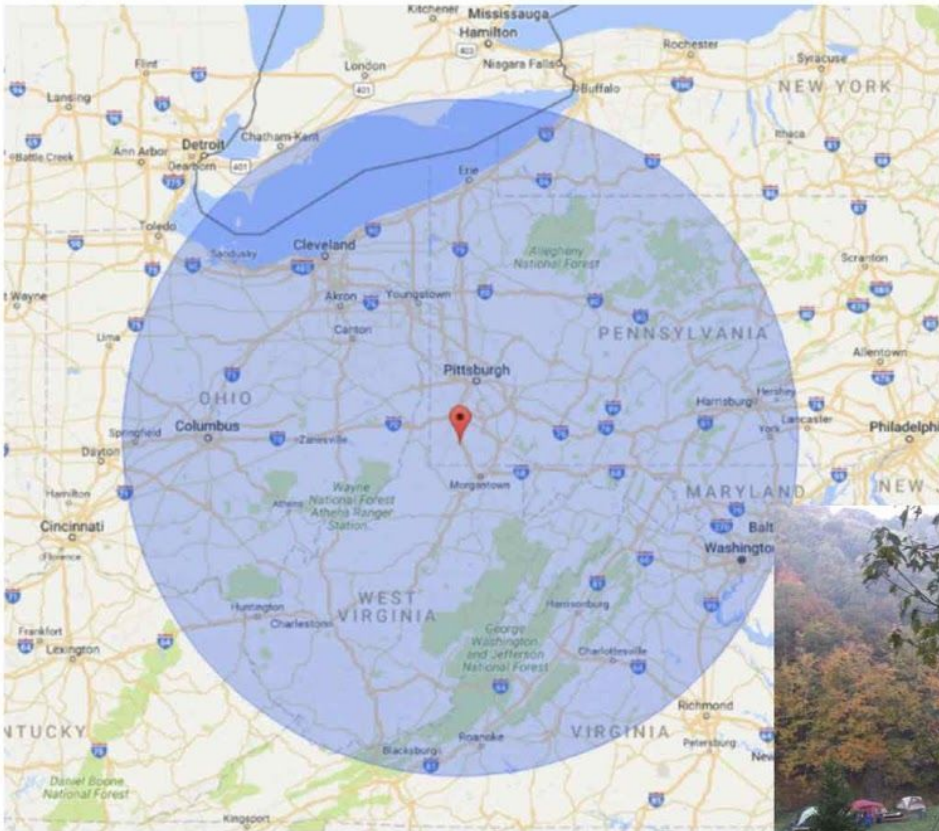

The ultimate in *Hitting the Mark!*

Hosted by Trail Life USA's NE Region, we invite you to gather with us in August at
