

## SCH CROPLIFTERS

Schumacher croplifters are renowned worldwide for their quality and longevity. That is why all major combine manufacturers equip their headers with original Schumacher croplifters. Together with constant improvements, years of design innovations and using the best available specialty steels, SCH always assures

a quality product. All Schumacher croplifters are designed for the optimal fit to each header. In addition, the croplifter connection and connecting spool allow for additional fine adjustments. The result is the optimal fit to suit your harvest conditions.

### Croplifter Mounting

To assure the best performance of the croplifter, the bottom runner must be parallel to the ground when the platform is in cutting position.

Bottom runner is parallel to the ground.

The croplifter wants to dig into the dirt.

The croplifter wants to climb.

## ASK Series Croplifters

- slimProfile prevents the reel tines from getting caught when reversing the reel.
- Improved concave sliding skid allows for better sliding dynamics.
- Look for the SCH stamp, made to the highest standards.
- Unique spring clip secures the croplifter to the guard at three different heights.
- Mounting bracket allows the croplifters to be mounted or taken off in seconds.

# SCH CROPLIFTERS

## What Croplifter Do I Need?

The different types of croplifters are based on the guard that is used on each machine. Matching the correct croplifter for each guard helps ensure the optimal mounting and performance of the croplifter. Using the incorrect croplifter can result in extra wear and possible loss of the croplifter.

The information below can help in determining which croplifter is correct for each guard.

### SCH Easy Cut Guard

### Forged Guard

### Measurement "A"

Distance from the tip of the guard to the center of the guard mounting bolt.

SCH PART NO.	CROPLIFTER MODEL	MEASUREMENT "A"	
		INCHES	MM
13549.02	ASX-100/5	5.4" - 5.8"	138mm - 146mm
16445.04	ASK-100	5.7" - 6.0"	145mm - 153mm
16587.04	ASK-120	6.1" - 6.4"	154mm - 163mm
16589.04	ASK-127	6.5" - 6.7"	164mm - 170mm

ASK Series Croplifter
