LEADERSHIP SANIBEL- CAPTIVA

The Sanibel-Captiva community is changing. Many of Sanibel and Captiva’s citizens are “retiring” their long-time volunteer leadership roles. In the surveys and interviews the Foundation conducted, we learned that volunteer succession in our community is a very real issue. Who will take the place of the talented men and women who have helped to create one of the most desirable places to live in the world?

Leadership Sanibel-Captiva is a program that is for new and established residents alike – those looking for a way to use their time and talent to make a difference. The CFI Leadership Committee is hard at work creating six exciting, enriching, and fun “behind the scenes” immersion days in 2024 that will offer a select group of people an opportunity to personally meet the people and organizations at the forefront of protecting, preserving and growing the quality of life on our islands for everyone.

“One of the greatest gifts we can give is to foster the next generation of committed volunteer leaders that will love and care for Sanibel and Captiva Islands as many before have done.”

- Ralph Clark, Former CFI Board Member & Leadership Chair
