

Announcing the inaugural

UNITE SCHOLARS SYMPOSIUM

Cultivating creativity, inspiring innovation, driving success.

Dar Es Salaam, Tanzania. October 5, 2019.

U N T E

UNITE THE WORLD WITH AFRICA FOUNDATION, INC.

Our Vision: A world in which people unite in service, across borders seen and unseen, so that every human may prosper and live with dignity.

WHAT:

An invitation-only “Ted-Talks” style day-long event featuring the work and ideas of [Unite Scholars](#) as well as recipients of the [Maendeleo Merit Award](#), which includes top performing graduates from three private medical schools across Tanzania. Scholars will be invited to submit articles for publication to be circulated at the event, and/or prepare a 10 to 15 minute oral presentation to share on a topic of their choice.

WHY:

In Tanzania, there exists the widespread challenge of students graduating from university unequipped and unprepared to enter into and engage in the workforce and achieve success, especially in high-level and/or international professional environments. [Unite Scholars Program](#) is working to address this challenge by connecting Scholars with an engaged team of international advisors and mentors to help nurture their creative and independent thinking as well as their leadership, personal and professional life skills necessary for success as active, engaged & productive global citizens.

This symposium is a platform through which these scholars & graduates can connect with and communicate their unique ideas to a powerful international audience.
