

## Scholarship Program 2017

The Northeast Association of Equine Practitioners (NEAEP) is excited to announce its inaugural scholarship program for veterinary and farrier students enrolled in an approved program in the Northeastern United States and Eastern Canada. The NEAEP is an innovative and collaborative organization which strives to provide high quality continuing education for equine practitioners from various backgrounds. In 2017 we are proud to offer a full scholarship providing travel, accommodations, registration and full participation in the wet lab program for one veterinary student, and one farriery student. Additionally, the recipients of these scholarships will be mentored by the appropriate current member of the Board of Directors of the NEAEP.

This year's annual symposium will take place September 20th through September 23rd in Norfolk, Virginia. Veterinary students in their second or third year of study at a veterinary education institution with an interest in equine practice are invited to apply. Completed applications must be received by the end of business on July 1st of 2017 to be eligible.

Please send all completed applications and any questions to [neaepstudentprogram@gmail.com](mailto:neaepstudentprogram@gmail.com)
