Subject Line: Please join me on the Path!

Hi [NAME]!

On May 19, 2018, I am joining BluePath Service Dogs at the first-ever Walkathon! During this event, BluePath is raising funds to support its mission of providing service dogs to children with autism.

I'm fundraising for BluePath because...[insert personal connection]

I need your help to reach my fundraising goal of \$xxx. If you can't donate, please help me raise awareness of this wonderful organization and a mission that is so close to my heart.

Thank you!

7 tips to help with your fundraising ask:

1. **Suggest setting an easy goal and raise it later.** Start with low goal (\$200-\$500) and once this is hit raise the goal! Beating the goal is something else participants can share on social encouraging more donations. Suggest a couple of easy campaign steps to help them raise that first \$200.

2. **The first donation should be your own.** An opening tally above \$10 is a great start, and leading the charge of donations by example has an escalating effect on the final dollar amount.

3. **Ask for set amounts.** If you ask for a \$30 donation, you're likely to achieve a \$30 donation as opposed to \$5 or \$10 donations. Use the power of setting dynamic donation amounts. They work!

4. **Use social channels and email.** Peer-to-peer fundraising and social media are a match made in heaven, however it is only a part of the campaign story. Email asks can achieve more fundraising success than social. This is all trial and case-by-case, but *don't forget to ask by email.*

5. **It's not just mentioning it once in an email or post.** Fundraising and preparing for an event is a journey. Regular updates will actively involve those they know in your journey and will encourage donations. **Don't post every day** but once a week or every milestone – for example, 25%/50%/75% of your goal or \$5-\$100 away from your goal.

6. **"It's a good cause" does not have as strong an impact as "It's my cause."** The story of why you got involved can really make the cause hit home with friends, family and coworkers. Tip: Since those in your email contacts and friends on Facebook are people you can share more closely with, making the story personal will get more donations.

7. **Don't forget to have fun! ☺**

Here is a quick breakdown of how to raise \$500

- Make a self-donation of \$20- \$20
- Ask your significant other to donate \$25 (Total \$45)
- Reach out to 3 close family members for \$40 each (Total \$165)
- Ask your closest friend for \$50, or two friends for \$25 (Total \$215)
- Ask 5 co-workers for \$40 each (Total \$415)
- Reach out to your extended family for support (\$85 difference)
- **You have reached \$500!**

Thank you!!
