EMPOWERHER PRIVACY PLEDGE
At empowerHER we are keenly aware of the trust you place in us, and our responsibility to protect the privacy of the girls and families we serve, as well as our many volunteers, sponsors, and donors. As part of this responsibility, we let you know what information we collect on our website, how we collect it, and how we use this information to improve and sustain our program.

By accessing this website, you agree to the terms set forth in this Privacy Policy. This Privacy Policy may be modified at any time. Any modifications to this Privacy Policy will be posted on this page. Accordingly, you should visit this page periodically to review our current privacy practices. By continuing to access or use the website after a modification, you agree to be bound by such modifications to this Privacy Policy.

INFORMATION WE COLLECT
For each visitor to our website, our web server does not recognize information regarding the email address -- just location and web browser used.

We collect information about our program participants and their families via our online program enrollment website page. During program enrollment we collect names, postal and email addresses, demographic information about families and participants, emergency contact information, and other information you voluntarily submit to us.
We collect personal information of visitors who submit their information via our online forms (e.g., Mentor Application, Enroll A Girl Form, Volunteer Inquiry Form) as part of our enrollment, mentor and volunteer placement. We also collect your personal information when you generously choose to donate to empowerHER via our Donate page.

Who will have access to the information gathered? The empowerHER staff, who are bound by confidentiality requirements, have access to this information in full. Volunteers, who are bound by the same confidentiality requirements as our staff, have access to limited information
(i.e., names and contact information of girls to invite them to our events and donor addresses to mail acknowledgement letters)

INFORMATION THIRD-PARTIES COLLECT ON OUR BEHALF
We use third-party service providers to perform certain services, including to manage our enrollments and collect donations you generously make to empowerHER. The third-party service providers may collect your bank or credit card information if you submit a payment, but that information is not passed on to empowerHER. The third parties conform to information security industry standards for online sales.

We also use a third-party service provider to collect information needed to conduct background checks on our volunteers (e.g., date of birth and social security number). This third-party service provider conforms to information security industry standards for safekeeping personal information.

COMMUNICATIONS
Email: We maintain an internal email list of all persons who have requested information, enrolled in our programs, volunteered, or made an online payment or donation. We may use this list to send occasional updates and announcements about our program or emails of a marketing nature, such as annual giving campaigns. If you do not wish to receive email, you may opt out at any time. Email requests may be sent to privacy@empoweringher.org. Requests are processed within 10 business days. Please note that transactional emails may still be sent to you on an as-needed basis.

Postal Mail: Persons who submit their postal address with the goal of receiving further information, enrolling in our program, volunteering, or donating may periodically receive postal mail from us. If you do not wish to receive mail, please let us know by sending a request to privacy@empoweringher.org. Please include your exact name and address so we can be sure your name is removed from our postal mailing list.

Phone: Persons who supply us with their telephone numbers may receive telephone contact from us responding to a request for more information about our program, volunteering, or a transaction (e.g., volunteer and mentorship opportunities, program registration, other specific requests). We do not make unsolicited marketing calls.

HOW WE SHARE INFORMATION

These third parties do not have the right to use the personally identifying information that we provide to them beyond what is necessary to assist us.
With Our Affiliates and Volunteers: Personally identifying information of enrolled participants is shared with our volunteers, event coordinators and facilitators in the form contact information that include the participant’s name, emergency contact information, pertinent health information (i.e., allergies) and other information directly related to participation in the program.

As Aggregate Data: We may aggregate data and share it with third parties, including other councils, sponsors, donors, and community representatives, after personally identifiable information has been removed.
