Rachael's Chain Linked Beauties
94½”x103½”

To make the quilt pictured:

You need:
- 3 5/8 main floral print
- 3¾ yards of very light lavender
- 1¼ yards of dark red for chain
- 1 5/8 yard of green for outer border
- 2 yards of various purples for the chain block
- ½-5/8 yard of fabric for the binding.
Note: This quilt consists of 2 blocks – an 8½” x 8½” square that has snowballed corners and a chain block.

They look like this: They are 8¼” as a block, but finish in the quilt at 8”.

**Cut:**

**Snowballed block:**

For EACH Snowballed block cut: (totals for quilt pictured above in parenthesis)

- 4 lavender 2½” squares (180)
- an 8½” square of floral fabric (45)

**Chain block:**

For EACH chain block: (totals for quilt pictured above in parenthesis)

- 4 – 2½”x4½” purple rectangles (I used a variety of different purples for different blocks but tried to keep to a plum color) (180)
- 1 – 2½” red square (45)
- 8 – red/lavender segments for making 4 patches. (360)
  
  Get these by cutting 1½”xWOF red and lavender strips. (A total of 13 sets of these strips sets were needed for my quilt.)
  
  Sew together long strips.
  
  Cut off 1½” red/lavender pieces.

- 2 – 1½”x2½” lavender strips (90)
- 2 – 1½”x2½” lavender strips with 1½” red squares on each end. (90)

  Cut a 2½”x WOF lavender. Cut 2 – 1½”x WOF red. Sew together like this. (You will need to make 4 such strips sets for the quilt pictured—you may only need 3, depending on the actual width of your fabric).
and cut off 1½” segments like this:

For all sashing and cornerstones:
For sashing without cornerstones - cut 8½”xWOF lavender strips. Subcut into 1½”8½” strips. (You need a total of 89 of these strips.)
For sashing with cornerstones – cut 8½”WOF lavender strips. Cut 1½”x WOF red strips. (You need a total of 72 of these strips for your sashing rows.) Sew together like this and cut off in 1 ½” segments. Make 3 of these strips sets in order to get the 72 you need.

Borders will be dealt with under How to put together this quilt.

Construct blocks:

How to make the snowballed block:

- Take your 8 ½” square and snowball the corners using a 2½” lavender square on each corner.
  How?
  Place your 2½” lavender square on one corner of your 8½” square. Sew across your 2 ½” square diagonally.
Trim off excess. Press towards the outside. Do this to all four corners. Finished block looks like this:

![Finished block image]

Make 45.

How to make the chain block:

The pieces of the chain block look like this:

![Chain block diagram]

1. Make 180 4 patches:
   Use your lavender/red segments and make a 4 patch: Make all of them.
   ![4 patch image]

2. Make center blocks (45):
   Put 1 ½"x2 ½” lavender strips on either side of 2 ½” red square:
   ![Center block image]

Add segments shown above under cutting the blocks:
So......

\[ + \]

\[ + \]

\[ = \]

Make 45 center blocks.
3. Now, put together entire block:
   - Add purple rectangles to each side of center block:

   ![Block Diagram]

   - Sew a 4 patch on each side of a purple rectangle like this: Make 2.

   ![Sewn Patch Diagram]

   - Now put together to form chain block:
I used a variety of purples because I didn’t have enough of one purple to keep them all the same. I decided to use a variety of purples rather than just 2. I used 9 or 10 different fabrics.

**How to make this quilt:**

1. **Construct your blocks as shown.**
2. **Lay out completed blocks according to this diagram.** They are 9 across and 10 down, starting with the chain block on the upper left.
3. **Sew blocks** together in rows, inserting sashing where shown, and then sew the rows together. Sew sashing and cornerstones as indicated between rows. Use the previously cut pieces as under cut sashing.

4. **Press well.**

5. **Add borders** (optional, obviously). For border, it is best to lay a long strip of fabric across the middle of your quilt and cut off to fit. Sew to each side. However, I will include the measurements that EQ says your borders need to be.
   
   a. The first border: very pale lavender – cut 2 - 1 ½”x 89.5” (for the two sides) and 1.5”x 82.5” for the top and bottom. I usually attach borders starting with the sides.

   b. Second border: floral fabric – Note: I wanted to use mine all up- and this is all I could do. I would have preferred to have a 6”-7” wide floral fabric the same as the interior of the snowballed blocks (and no third green border) – but I didn’t have enough. Cut 2 - 2¾”x 91½”. Attach to the sides. Cut 2¾”x 87”. Attach to the top and bottom.

   c. Third border: green – Cut 2 – 5”x96”. Attach to sides. Cut 2 - 5”x96”. Attach to top and bottom.

The whole layout diagram looks like this:
6. **Sandwich**, using whatever type of batting and backing you prefer
7. **Quilt** as desired. I did an all over meander.

Congratulations! Your quilt is finished!

Enjoy!
