

Sliding Stars

72" x 86"

This quilt is made up of 2 different blocks which finish in the quilt at 12". They look like this:

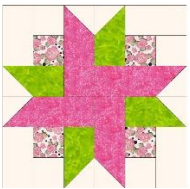

To make the quilt pictured:

You need:

- 1 5/8 yards green
- 4 3/4 yards off white
- 1 5/8 light pink
- 1 2.5" strips roll commonly known as a "Jelly Roll"
- About 1/2-5/8 yard of fabric for the binding.

Cut:

For block 1 – ribbon star block:

I did cut each block individually as I wanted them all different: (make 15 individual sets/blocks):

From white/cream:

- 12 – 2 1/2" x 2 1/2" squares
- 4 – 2 1/2" x 4 1/2" rectangles

Color 1:

- 4 – 2 1/2" x 2 1/2" square

Color 2:

- 4 – 2 1/2" x 4 1/2" strips

Color 3:

- 4 – 2 1/2" x 6 1/2" strips

For block 2: - half square triangle block:

From light pink: 8

- 8 – 13" squares

From green:

- 8 – 13" squares

For sashings:

From off white:

- 71 – 2.5" x 12.5" strips

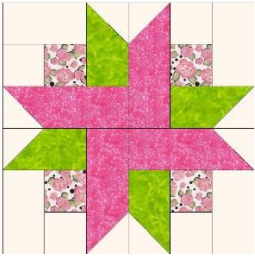

For cornerstones:

From leftover 2.5" strips – I used green -

- 42 – 2.5" squares

Construct blocks:

For block 1:

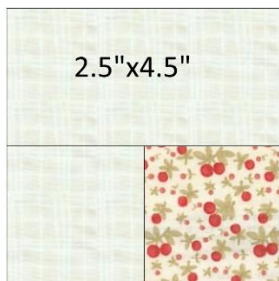

The blocks will finish at 12½" x 12½". (florals will vary in my diagrams! 😊)

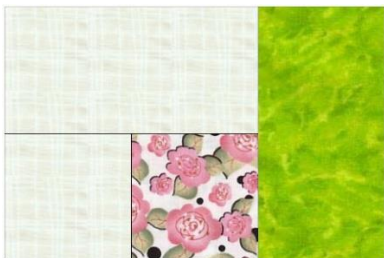

1. Starting with your cream 2½" square, add Color 1 2½" square

2. Add your cream – 2½" x 4½" strip this unit:

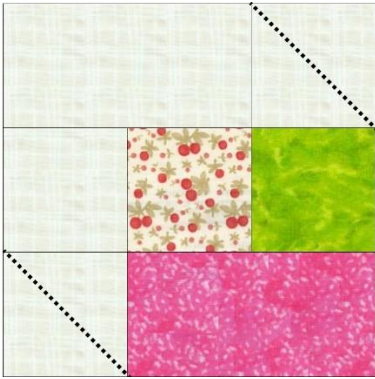

3. Add your Color 2 2½" x 4½" strips to the side

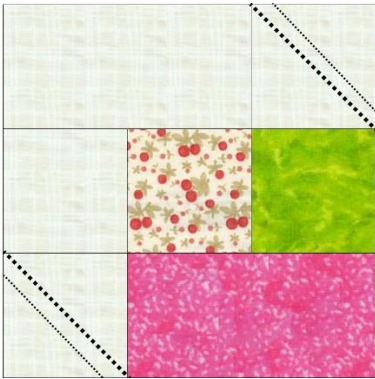

4. Add your Color 2 2½" x 6½" strips to the bottom like this:

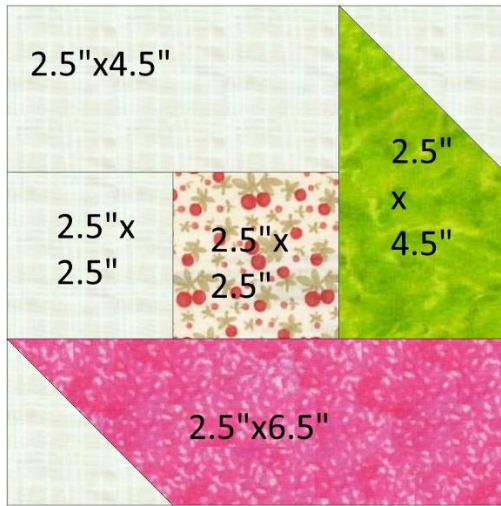

5. "Snowball" both the Color 2 and the Color 3 strips like this using a cream $2\frac{1}{2}$ " square. Place the cream square on top of the colorful strips and sew on the diagonal as indicated:

Trim on smaller dotted lines.

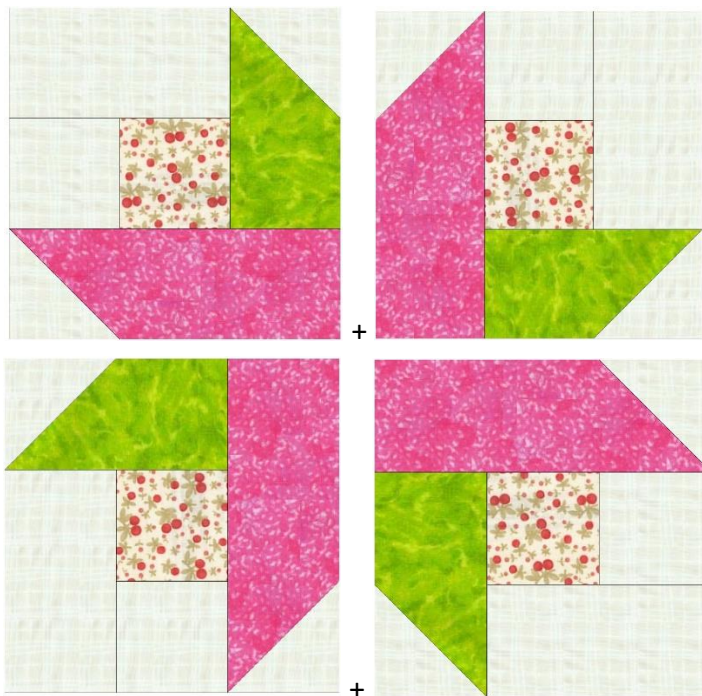

Press white towards the outside. Finished block will look like this: (To me it looks like a slanted tulip.)

Make 4 identical such blocks. These block sections finish at 6½" x 6½".

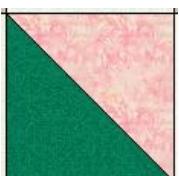

Then, sew all four block sections together into one larger block like this:

It should finish at 12½" x 12½".

Make 15. I made mine all different.

For block 2:

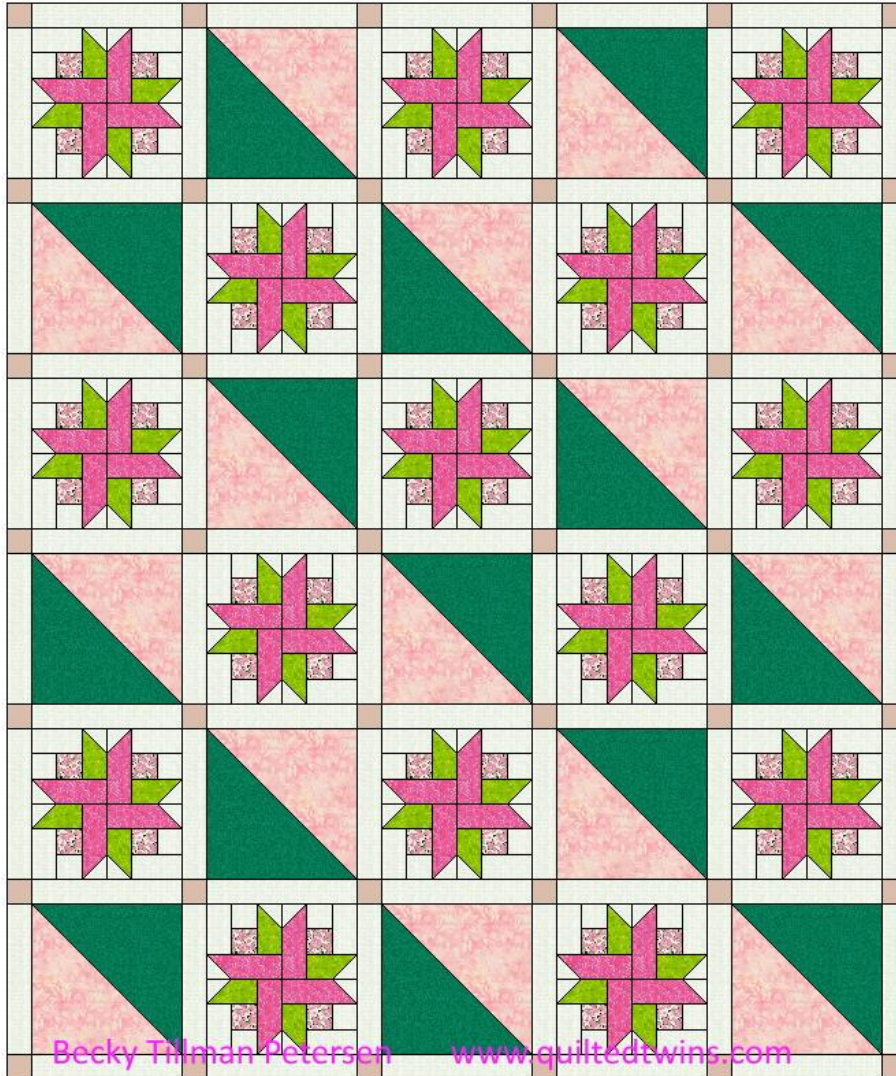

Make this very large half square triangle block by drawing a line diagonally on the back of your light pink square. Place your 13" squares of light pink and green right sides together and sew ¼" on each side of the line you just drew.

Cut apart on the line drawn. Open up to form a big 12.5" half square triangle. Press and trim to 12.5" if it isn't that size.

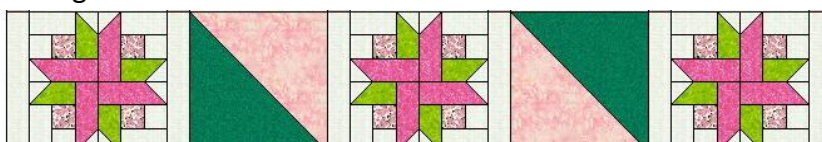

Make 15 – 12.5" at this point in the process blocks

How to put together this quilt:

1. Make blocks as described above.
2. Using this diagram, place your blocks as shown, sewing a sashing piece between each block:

3. Sew your top together in rows. Place a sashing strip between each block as shown: Make 6 as shown in diagram above

Alternating rows make rows using the sashing/cornerstones like this: Make 7

4. **Press well.**
5. **Sandwich**, using whatever type of batting and backing you prefer
6. **Quilt** as desired. I used curls and swirls
7. **Bind**, using whatever method you wish.

Congratulations! Your quilt is finished!
Enjoy!
