Hart Cluett Museum COVID-19 VISITOR Health Screening Questions

Upon entry to the Hart Cluett Museum all visitors will be asked the following questions –

NOTE: A YES answer will mean you CANNOT enter HCM and you may need to quarantine and/or seek medical care.

1. Have you experienced a fever of 100 degrees F or greater, a new cough, shortness of breath or loss of smell/taste within the past 10 days?
   - ☐ No. Go to the next question.
   - ☐ Yes. No further screening is needed. The visitor may not enter the museum/research library at this time.

2. In the past 10 days, have you gotten a positive result from a COVID-19 test that tested saliva or used a nose or throat swab? (not a blood test)
   - ☐ No. Go to the next question.
   - ☐ Yes. No further screening is needed. The visitor may not enter the museum/research library at this time.

3. To the best of your knowledge, in the past 14 days, have you been in close contact (within 6 feet for at least 10 minutes) with anyone while they had COVID-19 or symptoms of COVID-19 (fever, cough, or shortness of breath, loss of smell/taste).
   - ☐ No. The visitor may visit the museum/research library.
   - ☐ Yes. No further screening is needed. The visitor may not enter the museum/research library at this time.
