GSA AWARDED TERMS AND CONDITIONS
American Systems Corporation

1a. Table of awarded special item number(s) with appropriate cross-reference to item descriptions and awarded price(s).

- 426-6: Law Enforcement and Security Training
- 426-7: Professional Law Enforcement Services
- 246-35-1: Physical Access Control Systems (PACS)
- 246-40: Intrusion Alarms and Signal Systems
- 246-60 1: Security System Integration, Design, Management and Life Cycle Support
- 246-1000: Security, Alarm & Signal Systems

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract.

Please see attached pricelist for details

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate not applicable for this item.

Please refer to ASC’s Awarded GSA Hourly Rates

2. Maximum order.

- 426-6: $200,000
- 426-7: $200,000
- 246-35-1: $100,000
- 246-40: $100,000
- 246-60 1: $200,000
- 246-1000: $150,000

3. Minimum order.

$100

4. Geographic coverage (delivery area).

Products: Domestic, 50 states, Washington, DC, Puerto Rico, US Territories and to a CONUS port or consolidation point for orders received from overseas activities

Services: Worldwide

5. Point(s) of production (city, county, and State or foreign country).

US

6. Discount from list prices or statement of net price.

Prices listed are GSA Net; Discount Deducted

7. Quantity discounts.

None

8. Prompt payment terms.

0%, NET 30 Days
9a. Government purchase cards are accepted at or below the micro-purchase threshold.

9b. Government purchase cards are not accepted above the micro-purchase threshold.

10. Foreign items (list items by country of origin).

None

11a. Time of delivery.

**Products:** 30 DARO

**Services:** The contractor shall deliver or perform services in accordance with the terms negotiated in the agency’s Statement of Work (SOW)

11b. Expedited Delivery. The Contractor will insert the sentence "Items available for expedited delivery are noted in this price list." under this heading. The Contractor may use a symbol of its choosing to highlight items in its price lists that have expedited delivery.

**Expedited delivery time is to be negotiated between Contractor and Ordering Agency**

11c. Overnight and 2-day delivery. The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery.

**Overnight and 2-day delivery time is to be negotiated between Contractor and Ordering Agency**

11d. Urgent Requirements. The Contractor will note in its price list the "Urgent Requirements" clause of its contract and advise agencies that they can also contact the Contractor's representative to effect a faster delivery.

**Urgent Requirements delivery time is to be negotiated between Contractor and Ordering Agency**

12. F.O.B. point(s).

**Products:** Origin

**Services:** Not Applicable

13a. Ordering address(es).

**American Systems Corporation**
14151 Park Meadow Drive, Suite 500
Chantilly, Virginia 20151-2272
Phone: (703) 968-6300
Fax: (703) 968-5151

13b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA's) are found in Federal Acquisition Regulation (FAR) 8.405-3.

14. Payment address(es).

**American Systems Corporation**
14151 Park Meadow Drive, Suite 500
Chantilly, Virginia 20151-2272
Phone: (703) 968-6300
Fax: (703) 968-5151
15. Warranty provision.  
Standard Commercial Warranty; customer should contact the contractor for a copy of the warranty.

16. Export packing charges, if applicable.  
Not Applicable

17. Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level).  
American Systems Corporation will accept Government Purchase Cards for purchases up to, but not above the micro-purchase threshold of $3,000.

18. Terms and conditions of rental, maintenance, and repair (if applicable).  
Not Applicable

19. Terms and conditions of installation (if applicable).  
Not Applicable

20a. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable).  
Not Applicable

20b. Terms and conditions for any other services (if applicable)  
Not Applicable

21. List of service and distribution points (if applicable).  
Not Applicable

22. List of participating dealers (if applicable).

American Systems Corporation
Labor Category Descriptions

**LABOR CATEGORY TITLE: Sr. Project Manager Security**

**Minimum/General Experience:** At least 10 years work experience and will be able to manage multi-faceted programs to customer satisfaction. Must possess knowledge of project/program management best practices, and good professional communication skills. Must have a minimum of a Secret Clearance.

**Functional Responsibility:** Responsible for all operational aspects of projects and serves as the client single point of contact. Reviews status of the project and budget; manage schedule and prepare status reports. Assesses project issues and develops resolutions to meet productivity, quality, and client-satisfaction goals and objectives. Develops mechanisms for monitoring project progress and for intervention and problem solving. The Program Manager will be required to establish a good working rapport with customer technical representatives, assist the customer and facilitate requirements definition, documentation, analysis and traceability.

**Minimum Education:** A Bachelor’s degree in Engineering, Computer Science, Business, or other related scientific or technical discipline is required; one year of work experience may be substituted for one year of formal education, so four years of work experience may substitute for a Bachelor’s Degree. An Engineering, Security, or Telecommunications certification (e.g. Software House certified, Hirsch certified, RCDD, etc.) is a plus but not required.

**LABOR CATEGORY TITLE: Security Technical Expert**

**Minimum/General Experience:** At least 10 years of experience demonstrating unique knowledge in specialized technical, functional and/or process areas within the engineering disciplines. Demonstrated knowledge of project related subject matter, and professional communication skills. Must have a minimum of a Secret Clearance.

**Functional Responsibility:** The technical expert understands, articulates, and implements best practices related to electronic security systems. Depending on the work environment, the security subject matter expert may lead or be an active participant of a work-group with the need for specialized knowledge. The subject matter expert provides guidance on design, system evaluation and recommendation, installation, troubleshooting, wiring, quality assurance, and testing of electronic equipment. Tasks may also include but are not limited to: budgeting, scheduling, documenting, logistics, materials ordering and handling, management, and team oversight.

**Minimum Education:** A Bachelor’s degree in Engineering or other related scientific or technical discipline is required. One year of work experience may be substituted for one year of formal education, so four years of work experience may substitute for a Bachelor’s Degree.

**LABOR CATEGORY TITLE: Sr. Security Electronics Technician**

**Minimum/General Experience:** At least three years of experience performing technical functions required in the installation of electronic equipment and systems. Demonstrated knowledge of project related subject matter, and professional communication skills. Must have a minimum of a Secret Clearance.
Functional Responsibility: The Sr. Security Specialist is directed by the Security Subject Matter Expert and the Program Manager to perform tasks related to implementation of the project objectives. These tasks may include but are not limited to: installation, wiring, testing, and troubleshooting of electronic security systems. At times these tasks will be performed independently and at other times the Sr. Security Specialist will provide team oversight of task execution.

Minimum Education: The position requires a minimum of an Associate's Degree or Technical School. One year of work experience may be substituted for one year of formal education, so two years of work experience may substitute for an Associate's Degree.

LABOR CATEGORY TITLE: Security Electronics Technician

Minimum/General Experience: At least one year of experience performing technical functions required in the installation of electronic equipment and systems. Demonstrated knowledge of project related subject matter, and professional communication skills. Must have a minimum of a Secret Clearance.

Functional Responsibility: The Security Specialist is directed by the Sr. Security Specialist to perform tasks related to implementation of the project objectives. These tasks may include but are not limited to: installation, wiring, testing, and troubleshooting of electronic security systems. These tasks will be performed independently or in teams with both Sr. and Jr. Security Specialist.

Minimum Education: The position requires a minimum of an Associate's Degree or Technical School. One year of work experience may be substituted for one year of formal education, so two years of work experience may substitute for an Associate's Degree.

LABOR CATEGORY TITLE: Sr. Computer Aided Design (CAD) Designer

Minimum/General Experience: At least 3 years of experience creating computer aided designs/drawings based on hand sketches and red lines. Skills in mechanical drawing and knowledgeable in mathematics, science and engineering technology are also desirable but not required. Must have a minimum of a Secret Clearance.

Functional Responsibility: The CAD Designer provides drawings and plans needed to support project personnel and objectives by converting hand sketches, designs, and red lines into electronic format utilizing a computer aided design program.

Minimum Education: Must have an Associate's degree; or a combination of a High School Diploma and professional training in computer aided drawing.

LABOR CATEGORY TITLE: Principle Training and Development Specialist

Minimum/General Experience: The Principle Training and Development Specialist will have at least 6-8 years work experience and will be able to develop advanced training concepts and standards. Decisions significantly affect the outcome of training, as well as employee performance and customer satisfaction. The Principle Training and Development Specialist must possess superior knowledge of Law Enforcement and Security Operations best practices, and good professional communication skills. Must have a minimum of a Secret Clearance.

Functional Responsibility: The Principle Training and Development Specialist is responsible to implement all operational aspects of training and is a highly experienced subject matter expert. Designs and administers training programs to train all levels of personnel in a safe and effective manner. Supervises subordinates and coordinates class arrangements, conducts training classes and range operations. Develops criteria for evaluating the effectiveness of training. Develops advanced concepts, techniques and standards. Keeps abreast of latest training techniques and tactics. Decisions affect the employee and student success and safety.
