When young people succeed, Saskatchewan succeeds

Each year hundreds of Saskatchewan's Indigenous youth aged 16 - 29 years come to *The Future Is Yours* to connect with employers and educators to invest in their future. How is your company connecting with them? Do they know who you are and the potential you see in them? Here's your chance to make a sustainable investment for the future and foster the next generation's success.

The Future Is Yours is Saskatoon's largest Career Expo targeting Indigenous youth. Employers connect with youth who are employment ready or will soon enter the workforce. This year's event will include a wider variety of exhibitors from numerous industries that interest to young people. More than 800 youth attended the last event and we anticipate an even greater turnout this year!

Don't miss the opportunity to showcase your company's vested interest in Saskatchewan youth as an event sponsor. Enclosed are various sponsorship opportunities that will make your company visible.

We appreciate your company's desire to make a lasting impact in Saskatchewan by investing today in tomorrow's youth.
