

Dear Families,

It's that time of year again, when we need to be addressing sunscreen. We suggest spray-on **gel/quick drying**/waterproof sunscreen because it dries quickly and doesn't require the teachers to manually rub it into each child's skin. It has thorough coverage, easily covers their scalp, and is quickly applied to all children. **Spray creams** still require teachers to rub the product in, so please read labels carefully if trying to purchase the gel kind. Please bring in your child's sunscreen as soon as possible. Be sure to write your child's name on the bottle and **cover the name with clear tape** (the oils in the lotion wipe off even permanent marker). In the absence of an alternative, we will automatically use one of our limited bottles of extra spray on sunscreen on children in our care, unless you check the box below, waiving the use of sunscreen on your child entirely.

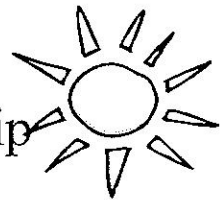

With warmer weather on the way, please remember the following:

- **Apply sunscreen to your child before arriving at Blossom.** We assume all children have sunscreen applied and will only re-apply as needed throughout the day.
- Be sure at least one of your child's extra outfits is a warm weather option.
- **No open-toes sandals**, even with socks. Children may wear aqua socks, tennis shoes, or closed-toed sandals.
- We highly recommend children wear hats or have one available in their cubby (please label with your child's name).

Please fill out the below permission slip and **return to your child's teacher.**

Blossom Childcare and Learning Center  
Sunscreen Administration Permission Slip

I, \_\_\_\_\_, have provided a bottle of \_\_\_\_\_

sunscreen for my child \_\_\_\_\_ . I do / do not give my permission for

Blossom staff to administer spray on sunscreen to my child in the absence of my provided bottle.

\*I do not want any sunscreen applied to my child while at Blossom.
