SIMPLE CONSTRUCTION

Simply lock together two hulls with as many Pontoonz® pods as you want, using alloy, fibreglass or wooden beams.

Fasten transverse beams between the two hulls, and add a 17mm plywood deck system

Add deck fittings to suit: bimini, railings, boarding ladder, cleats, carpet, trimmings, furniture to suit etc.

Easy to unbolt or reassemble after winter storage or for transporting.

Ponoonz® Distributor

A Kiwi innovation. Designed, made and marketed by;

PONTOON MARINE SYSTEMS
