Caterpillar is hosting an informational event for students on February 17th at 6 pm CST. This event will feature Beth Hinchee, a Corporate Manager for Global Regulatory Affairs. Beth pulls from her 25-year career at Caterpillar and copious experiences influencing pivotal decisions in her division. Students will learn about the various factors which impact our ability to make decisions, how decision-related conflict allows us to get better at decision making and how to evaluate the outcomes of our decisions. Event presenters will be available afterward to answer questions and to provide information about career opportunities at Caterpillar Inc.

The event will be conducted over Microsoft Teams
