

Request to Alter Air Travel Form

Facilitation Camps run each Trimester, generally in week four or five. Flights are arranged for a Sunday afternoon departure to arrive at the destination airport early evening; and return flights are booked to depart the Friday evening of the last day of camp, generally around 8pm.

Should you require a change to our normal operating procedure, you may request alteration of your arrive and departure dates.

Alterations can only be requested if the change is;

- an arrival before our normal operating procedures and/or a change to a departure after our normal operating procedures.
- When an arrival flight is changed, the student is responsible for making their own travel arrangements from the airport to the camp venue. Conversely, any changes to departure, require students to make their own travel arrangements to leave the camp location following last class of the camp (generally at 5:00pm on the Friday), and coordinate their own travel to the airport for their flight.

Note

- All associated expenses with travel, meals and accommodation outside the intensive camps are the responsibility of the student.
- The student accepts responsibility for all travel to and from camp where flight details have been changed
- If flight prices are substantially more than ordinary camp flights the student will be informed of the increase and required to pay the difference should they desire to change the flights as requested

Application for changes to an arrival or departure flight must be made on the first week of the trimester. Email forms to: admin@crctraining.com

Name	Relevant Camp	Preferred Arrival		Preferred Departure	
		Date	Time	Date	Time
<i>Example : B Smith</i>	<i>Camp 2</i>	<i>Wednesday before camp - 15th June.</i>	<i>AM</i>	<i>No change requested.</i>
