

VIPCare FACTS

In 2015, more than 45% of VIPCare's counseling sessions were underwritten in part through the Counseling Aid Fund.

VIPCare's services are open to everyone.

The Counseling Aid Fund provides support for counseling sessions based on client need; no one is turned away from VIPCare's counseling services because of an inability to cover the cost of care.

VIPCare relies on private donor support to provide affordable mental health care.

As a mental health care provider, VIPCare abides by privacy laws related to confidential client data.

VIPCare Impact 2015

More than 2,024 counseling hours provided through the Counseling Aid Fund (or 45% of VIPCare's total counseling hours of 4,045).

Served more than 400 clients in need of financial assistance for therapy through the Counseling Aid Fund.

More than 250 children and families impacted through the Counseling Aid Fund.

More than \$158,000 in counseling fee discounts through the Counseling Aid client assistance program.

VIPCare's client counseling assistance is made possible by donors like you.

"I serve on VIPCare's Board of Directors because counseling makes a difference to someone suffering—from depression, anxiety, family discord, the stress of financial instability, aging, addiction—any emotional struggle.

VIPCare offers a safe place to receive compassion and support. Our community needs the services VIPCare provides."
