All parts will be shipped ground. Any additional cost incurred for alternative shipping will be the responsibility of the dealer or customer. Bridgeport may at our discretion ask for parts to be shipped back to us before the warranty will be honored. A call tag will be issued. Once parts are received back and are determined to be a warranty issue, credit will be issued on the original invoice. If it is determined that damage is due to neglect or mistreatment/misuse by dealer or customer, the claim will be denied and the dealer or customer will be notified of the findings. The dealer or customer will then be responsible for all charges. All claims must be approved by Bridgeport Mfg to be honored.
