DESIGN APPROACH

Today we have shown you our **developed design proposals** for the new civic campus on Wealdstone High Street. **Please tell us:**

1. Which aspects of the developed design proposals you think are particularly good, or work particularly well. *Please also tell us WHY you like them.*

2. Which aspects of the developed design proposals you think work less well? *Please also tell us WHY you are not convinced by them.*

3. We are particularly interested in your thoughts on the proposed character of the civic building. **See board titled 'Character and materials'.** Please look at the different ideas on this board and tell us which you find particularly appealing or appropriate, and why?

Do you have any other thoughts on character that you would like to share with us?

4. How successful overall do you think our current design approach is? *Please answer by circling a number on a scale of 1 to 5, with 1 meaning poor and 5 meaning excellent.*
