2.4 Men and women

When we use nouns to talk about men and women we usually use the same word, for example:

doctor cousin student

Sometimes we have two different words, for example:

son daughter

Make three lists with these nouns:

husband	detective	princess	dancer	king
uncle	lawyer	receptionist	widow	girlfriend
wife	granddaughter	niece	reporter	artist
teacher	aunt	boyfriend	pilot	engineer
violinist	prince	manager	grandfather	grandson
grandmother	nephew	tourist	queen	mechanic

MEN	WOMEN	BOTH
uncle	*aunt*	*pilot*

Can you add some more words for men and women to the lists?
