The gateway to true Northern California, bridging nature with arts and culture experiences.

Redding Cultural District is comprised of two distinct, walkable areas and connected by two pedestrian and biking bridges that cross the Sacramento River – the world-famous Sundial and the historic Diestelhorst.

Enjoy downtown – the “urban experience,” with a variety of arts, culture, history, food, and entertainment destinations, or the Sundial area – featuring nature; public art; world-class trails; Turtle Bay Exploration Park; McConnell Arboretum & Botanical Gardens; Redding Civic Auditorium; Redding Rodeo; and Riverfront, Caldwell, and Lake Redding parks.

The California Cultural Districts program was developed by the California Arts Council, in partnership with Visit California and Caltrans. The mission of the California Arts Council, a state agency, is to advance California through the arts and creativity. The Council is committed to building public will and resources for the arts; fostering accessible arts initiatives that reflect contributions from all of California’s diverse populations; serving as thought leader and champion for the arts; and providing effective and relevant programs and services.
