

Mission Statement

To be a premier provider of Aerial Imaging and Data Collection Services. We offer exceptional cost savings and innovative solutions for our customers leveraging drone technology while maintaining the highest standards of professionalism, integrity and safety.

Core Values

Respect: We value great relationships and respect is our foundation. We will respect each other, our customers our partners and our community. We will honor our faith in God and Country and we will exemplify respect in every situation. We will never discriminate against any person for race, gender or nationality.

Honesty & Integrity: We will conduct ourselves in all things with a shared belief that Honesty & Integrity are cornerstones of our business. Our word is our bond and we will keep our commitments to customers and each other.

Accountability: We challenge every employee to hold themselves and others to the highest standards of personal conduct and professionalism. We will be accountable to our customers and each other in upholding our core values.

Excellence: We value excellence in our work and the products we deliver. Our company is dedicated to providing the highest quality products and services. We hold as a basic tenant a desire to pursue excellence at all things, large and small. We will not accept anything less than a full commitment to exceeding customer expectations without cutting corners or compromising safety.

Teamwork: We succeed only if we work together with our customers, partners and our local community. We value collaborative relationships and working together as a team is the foundation of our company.

Safety: We practice the highest standards of safety in every aspect of our business. Our company culture is rooted in aviation safety, each member of our team is responsible for ensuring the safety of people and property. From mission planning through project delivery we provide the safest low risk operation for our customers and employees
