

# *Arctostaphylos bakeri* ssp. *bakeri*

Formerly *Arctostaphylos stanfordiana* ssp. *bakeri*

## Louis Edmunds Manzanita

MEDIUM SHRUB - evergreen.

6 - 10' high, to 6' wide.

Upright, beautiful form, purple bark.

Gray leaves.

Pink flowers - winter to early spring.

Horticultural selection from *A. bakeri* from north coast.

Full sun to part shade. Frost resistant.

Needs good drainage.

Will tolerate heavy clay or serpentine soils.

Sensitive to overhead and overwatering. Water 1 / x month.

Good for slope, screens, background and mixed plantings.

Can be pruned to reveal interesting branch structure.
