ARTFUL ARRANGEMENT

EXHIBITION: SPILL OVER
TITLE: Flexi-Shield (Eostra)
ARTIST: Amy Brener
ABOUT THE ARTIST: Amy Brener is a multimedia artist who utilizes everyday objects molded in resin to create assemblages that resemble armor, garments, and architectural features.

Let your eyes explore the sculpture. Pay close attention to the details and ask, “What do you notice?” Make an inventory of the elements and details that you observe.

ASK
What objects do you recognize in the sculpture? What natural and man-made items can you find? How has the artist used symmetry in the arrangement? What is the perimeter shape of the assemblage? How does the context of the objects change their meaning or purpose?

DO
Count the number of each object and shape used to create the sculpture. How many flowers, rectangles, or circles can you find?

Collect objects from around your house or cut pictures from a magazine and make your own arrangement. Think about the overall shape and how it might change the meaning of the objects in the assemblage.
