Go Underground

It’s time to Go Underground!
Racial reconciliation is one of the most urgent issues in our culture today. For over 12 years, Underground has told the story of how people worked together for the good of all.

Thousands of Kansas City children and youth have seen the story and heard the message of unity through Underground and Go Underground. Keep the legacy alive!

The Underground is an amazing and inspirational performance that stirs my soul! This incredibly moving experience is a gift to our community, bringing the message of understanding, forgiveness, and love which is everything we desire in our families, schools, and community. Marianne and I look forward to supporting and attending every year.  
- Dayton Moore, General Manager, Kansas City Royals
