Yes,

Expect public meetings from late March thru late May on draft rule in each county, and possibly with stakeholder groups like Marin and GG Audubon, Wild Equity and Sierra Club in early part of that. Will also have some internal NPS meetings in Feb on communication and engagement strategy, and messaging.

Appreciate you asking. Would hope that you, Daphne, Alison, Carolyn and Suzie Bennett are part of these.

Mike

Mike,

I do work planning for this year--and assuming we are going to have a bunch of dog management related items with rulemaking, addressing comments, public meetings, etc.

Correct?

Thank you, Bill
