I
f you're referring to the comment along the lines of "what's the problem? All the dogs and people look happy in these photos?", yes, this briefing addressed that.

Thanks Shirwin for the quick turnaround! I remember a previous comment about photos--does this have updated photos?

Attached is the updated briefing package (May PWR/WASO/DOI brief, but with an updated estimated schedule).

Would be great if Bert Frost was on this call as he was in May.

At last! Shirwin, can you forward me the version of the briefing package that Frank used in the last phone call? Can't recall if Comm Dog Walking reg was included in that, but your suggestion, Michael, to pull discussion of that until some weeks after the SEIS is on the street is a very good one. HL

Frank and Howard,

Jorge Silva just set up the briefing on the GOGA Dog Management for the Department for Wed Sep 4, 2013 1pm – 2pm (EDT).

He asked me to notify the park to ensure we have someone on the line to give the presentation. Can you also send the appropriate background

materials? Are the materials that were used for the briefing for Jon a few months ago?

Howard: I have the communications plan you sent a few weeks ago.

I will touring the Pacific Northwest Parks so I won't be on the video conference but I will call in to the conference call line.

Thanks,
Chris
